**Theological Fragments** Duncan B. Forrester, 2005-12 This book of essays hopes to show that there is an important place today for a modest and unsystematic theology consisting of theological fragments rather than some grand theory These theological fragments arise from and relate to specific situations problems contexts and communities Here Duncan Forrester asks What do the practices of Christian worship have to teach us about ethics How can a word of reconciliation be heard in Northern Ireland How do Dachau and the Rwanda genocide affect how we understand the Church Are the modern mass media a threat or an opportunity for Christian communication Duncan B Forrester is Emeritus Professor of Christian Ethics and Practical Theology in the University of Edinburgh Scotland *Theological Fragments* Rubén Rosario Rodríguez, 2023-05-23 The swelling ranks of religious nones those who do not identify with any particular religious tradition have demonstrated that traditional Christian apologetics set on delivering a universally accepted objectively verifiable system that proves the truth and superiority of Christian belief has failed Turned off by organized Christianity's hypocrisy and politics of intolerance millennials and Generation Z have rejected such domineering forms of reasoning aimed at winning converts through logical argument Not only is this misguided missional strategy argues Rubén Rosario Rodríguez but it's grounded in bad theology as well The propositional truth claims imply that if you accept the argument you must accept the Christian faith too Instead of this triumphalist understanding of Christian truth Rosario argues for a broken and contrite Christian theology that can help make sense of a fractured world Realizing that fragments of truth are often all we have he points out that the search for the truth of God and the self will most often be found while engaged in the struggle for justice *Theological Fragments* is not another set of strategies for how to win back millennials Rather it provides a foundational theological vision necessary to the work of inviting the nones to hear the gospel afresh *Theological Fragments* Henri de Lubac, 1989 *Theological Fragments* John E Keegan M M, 2021-03-08 Writings on four phases of theology cinematic vocational political and pastoral **Three Theological Fragments** Henry Sanders Sanders, **Fragments** Peter T Cavallaro, 2020-08-12 NEW PROOFS FOR THE EXISTENCE OF GOD FROM THE VOICE OF A MILLENNIAL CHRISTIAN THEOLOGIAN Imagine a world in which gods did not conceal their existence from humankind but instead walked the earth until they were hunted to near extinction Only two remain and here enters our central character a celebrity of sorts known only as the god slayer But as a self-described swashbuckling philosopher the god slayer is not out for blood so much as knowledge And then of course there is that dream *Fragments* takes its reader on a journey of questions answers and more questions Through a series of dialogues between the god slayer and the last of the remaining deities the book explores the mystery of creation and the problem of human suffering before advancing four innovative proofs for the existence of God For when the god slayer encounters a renowned deity called Romulus the deity in an effort to save himself proposes that they consider an alternate reality in which the gods never revealed themselves to human beings and gave no direct evidence of

their existence In the mysterious final act a heavy decision must be made but not everything is as it seems Elegantly written and packed with thought provoking content on every page Fragments offers readers a fresh take on timeless questions from the voice of a new millennial aged theologian Recommended just as much for those who wish to strengthen their faith as those who seek to challenge it Fragments is a one of a kind work of Christian apologetics for the 21st century **Sacred Fragments** Neil Gillman,1990 The modern Jew living in a world of shattered beliefs and competing ideologies is often confronted with questions of faith Sacred Fragments is for those who still care enough to continue the struggle In forthright nontechnical language the author addresses the most difficult theological questions of our time and shows that there are still viable Jewish answers for even the greatest skeptics Public Theology for the 21st Century Duncan B. Forrester,William Storrar,Andrew Morton,2004-01-01 The book is a unique stocktaking by a leading international group of theologians social scientists and other scholars on issues facing public theology at the beginning of the 21st century It combines retrospect and prospect in that it reflects on the issues and approaches that have characterized public theology in the 20th century especially its latter half and attempts to anticipate those which will or should come to the fore in the 21st century seeking to discern continuities and changes Three opening chapters deal with the overall theme of public or political theology with Jurgen Moltmann giving a critical historical account from the Second World War onwards Raymond Plant relating such theology to cultural pluralism and Andrew Morton illustrating it from the work of Duncan Forrester These are followed by pairs of contributions relating public theology to more specific topicsr History Technology and Creation Globalization Spirituality Punishment and Forgiveness Medical Ethics Tolerance and Human Rights Social Exclusion and Equality Lived Experiences and Social Transformations CL Wren Radford,2022-03-07 Practices of sharing marginalised lived experiences are framed as providing insight into injustices yet social inequalities influence whose experiences and whose interpretations of these experiences are seen as valid Lived Experiences and Social Transformations analyses academic and activist encounters with lived experiences arguing that these practices reinforce or disrupt power relations Through the example of UK activists sharing their experiences of poverty Wren Radford advocates for collaborative interventions that emphasise the critical creative knowledges enmeshed in marginalised experiences The book compellingly enacts this approach to practical theology rooted in concrete issues and argued through poetic writing artwork and interdisciplinary sources Christianity and the Law of Migration Silas W. Allard,Kristin Heyer,Raj Nadella,2021-09-05 This collection brings together legal scholars and Christian theologians for an interdisciplinary conversation responding to the challenges of global migration Gathering 14 leading scholars from both law and Christian theology the book covers legal perspectives theological perspectives and key concepts in migration studies In Part 1 scholars of migration law and policy discuss the legal landscape of migration at both the domestic and international level In Part 2 Christian theologians ethicists and biblical scholars draw on the resources of the Christian tradition to think about migration In Part 3 each chapter is co authored by a scholar of law

and a scholar of Christian theology who bring their respective resources and perspectives into conversation on key themes within migration studies The work provides a truly interdisciplinary introduction to the topic of migration for those who are new to the subject an opportunity for immigration lawyers and legal scholars to engage Christian theology an opportunity for pastors and Christian theologians to engage law and new insights on key frameworks for scholars who are already committed to the study of migration
