Theology For Aging:

Practical Theology for Aging Derrell R. Watkins, 2013-01-11 Learn new approaches for strengthening the religious bonds of our aging population Through Scripture studies and the personal experiences of religious leaders and congregants Practical Theology for Aging offers new concepts for ministering to our older population Each chapter looks at a different concern for the elderly and addresses it with the assurance that aging is part of God's great work From scientific models and case studies to passages from both the Old and New Testaments this volume illuminates the power of faith in keeping the elderly whole and well Practical Theology for Aging reveals several barriers to the spiritual wellness of our elders These include society's stereotypical views of frailty and incompetence in older people the lack of common support by communities of faith and the dissatisfaction of the elderly with outdated traditional answers to their concerns of aging suffering and death Each barrier can be overcome by utilizing the practical theology you will find in this book Restated throughout the volume is the message that the journey into old age does not have to be filled with dread and fear but can be seen as a path to spiritual maturity This book has practical suggestions that address God's purpose for aging why do we have to grow old sexual health for senior citizens the suffering and physical debilitation that sometimes accompany aging afflictions like dementia and Alzheimer's disease and how to minister to the unresponsive the inclusion of spirituality in rehabilitation to heal the whole person after catastrophic illness or injury preaching to senior citizens as opposed to preaching to a younger congregation so much more Practical Theology for Aging presents tips and strategies for spiritual advisement as well as traditional quotes and references reminding us to respect and honor our aging men and women Whether you are a religious leader caretaker family member or esteemed elder this book is vital for strengthening spirituality in the elderly and promoting their inclusion into the religious community

Biblical Perspectives on Aging J. Gordon Harris, 2013-04-03 As the population of older Americans grows meaningful perspectives on aging are needed by both the young and the old Biblical Perspectives on Aging God and the Elderly takes a detailed look at the views of aging presented in the Old and New Testaments This wide ranging and insightful survey encompasses not only the entire Bible but also interpretations of sacred Middle Eastern and Judaic documents This new expanded edition of the original classic text adds thorough discussions of the wisdom of the Bible and Jewish literature with ways to interpret these readings and what they teach about spirituality and growing older Approaches to aging issues have changed in recent years With the average American lifespan increasing the view of old age as a solitary time of waiting has been pushed aside So too has the assumption that the elderly simply want to remember the good old days This updated edition of Biblical Perspectives on Aging God and the Elderly has expanded its scope to incorporate and address the effects of these changing views This

sweeping study of the Bible's positive treatment of aging and elderly figures sheds new light on contemporary society's negative view of the elderly and what can be done about it. Clear examples from both Scripture and literature provide a wealth of understanding, comfort, and wisdom to everyone interested in aging and the Bible. In addition, this new edition explores the changing relationships that exist among aging, hermeneutics, mentoring, and spirituality. The new insights revealed here reinvigorate the challenge against ageism and traditional pictures of old age as a time of withdrawal and living in the past. Among the issues explored in *Biblical Perspectives on Aging: God and the Elderly* are aging experiences and the Bible, biblical theology, and its role in social support for the elderly; hermeneutics and old age spirituality and its relationship to aging; cross-generational relationships and mentoring; and a detailed index of Old and New Testament Scripture references. Accessible and concise, with compelling arguments and numerous examples, *Biblical Perspectives on Aging: God and the Elderly* is an ideal resource for pastors, seminary students, professionals, and leaders of programs for the elderly. It shows both young and old that while aging may not be easy, biblical theology can ease some of its mystery.

Part One addresses such issues as hope, forgiveness, the psychodynamics of faith and belief, and coping in a theoretical context. Part Two seeks to advance the methodological sophistication of research in this area with an emphasis on measurement and design issues.

Finishing Our Course with Joy J. I. Packer, 2014-01-31

Thinning hair, failing eyesight, and arthritic hands reveal an inescapable truth: we're only getting older. But that doesn't mean we should simply sit back and take it easy. In *Finishing Our Course with Joy*, renowned theologian and author J. I. Packer challenges us to embrace old age as an opportunity for continued learning, careful planning, and heartfelt discipleship. Packer's pastoral words and personal stories encourage us to press on toward the upward call of God with endurance and grace that we might continue to glorify God in our aging and finish our lives with joy.

Towards a Theology of Aging Dale Van Zant, Atlantic School of Theology, 1986

Chasing Methuselah Todd T. W. Daly, 2021-02-04

The quest to live much longer has moved

from legend to the laboratory Recent breakthroughs in genetics and pharmacology have put humanity on the precipice of slowing down human aging to extend the healthy life span The promise of longer healthier life is enormously attractive and poses several challenging questions for Christians Who wouldn't want to live 120 years or more before dying quickly How do we make sense of human aging in light of Jesus' invitation to daily take up our crosses with the promise of the resurrection to come Is there anything wrong with manipulating our bodies technologically to live longer If so how long is too long Should aging itself be treated as a disease In *Chasing Methuselah* Todd Daly examines the modern biomedical anti aging project from a Christian perspective drawing on the ancient wisdom of the Desert Fathers who believed that the incarnation opened a way for human life to regain the longevity of Adam and the biblical patriarchs through prayer and fasting Daly balances these insights with the christological anthropology of Karl Barth discussing the implications for human finitude fear of death and the use of anti aging technology weaving a path between outright condemnation and uncritical enthusiasm Towards a Theology of Aging José Pereira, 1982 *Religion, Spirituality, Theology and Aging*, 1994 Aging and the Human Spirit Carol LeFevre, Perry D.
