How I Became a Life Master Playing the Weak No Trump Eric v.d. Luft,2009-07-10 A comprehensive exposition of the Kaplan Sheinwold K S bidding system incorporating up to date aggressive methods Advantages of this Aggressive Weak No Trump bidding system include 1 A greater proportion of limit bids and a higher frequency of bids in general improving communication between partners 2 More accurate low level descriptive bids making it easier during the auction to envision the probable play of the hand and to find your best contract 3 Increased use of preempts making it more difficult for the opponents to find their best possible result in a competitive auction

The laws and principles of whist stated and explained, and its practice illustrated, by 'Cavendish'. Amer. ed Cavendish,1895

The Laws and Principles of Whist Stated and Explained and Its Practice Illustrated on an Original System by Means of Hands Played Completely Through Cavendish,1884 It has often occurred to the author that there are two principal defects in the existing treatises on the game of whist the one that the principles of play are in general laid down as so many isolated and arbitrary conventions the reasons upon which such principles are based being seldom if at all and scarcely ever fully stated the other that suitable illustrations by which alone the principles can be brought forcibly home and fixed in the memory are almost entirely wanting The present work is an attempt to supply these deficiencies With regard to the latter the author feels that nothing in point of illustration of principles can be so instructive as a selection of hands played completely through and accompanied by copious explanations The idea it is believed as applied to whist is a new one though a similar plan has long been in use in treatises on chess It has not been deemed necessary to occupy space by detailing the mode of playing and of scoring as this information can be readily acquired at the table The reader is therefore credited with this elementary knowledge and is conducted at once to the general principles which he is advised to consider carefully before proceeding to the hands
