Three Short Works:

Three Short Works Gustave Flaubert, 2013-02-23 Includes the following classic works by Flaubert *The Dance of Death* *The Legend of Saint Julian the Hospitaller* *A Simple Soul* [Three Short Works](#) Gustave Flaubert, 2019-10-04 First published in 1877 these three stories are dominated by questions of doubt love loneliness and religious experience and together form a triumphant conclusion to Flaubert's literary career Includes *The Dance of Death* *The Legend of Saint Julian the Hospitaller* and *A Simple Soul* [Tai Chen's Inquiry into Goodness](#) Chung-Ying Cheng, 2019-03-31 From Sung times and throughout the Ming period one of the dominant philosophies of China had been a dualistic rationalism thought to be firmly grounded on the classics Tai Chen 1723-1777 was a scholar and philosopher during the Ch'ing period a time when China produced few philosophic thinkers He was the greatest of these and his views are embodied chiefly in *Yuan Shan* and in *Meng Tzu t'xu yi shu cheng* In place of the prevailing Sung dualism Tai Chen propounded a rationalistic monism seldom before insinuated in a Chinese philosophy He declines to accept current dogmas and preferred to seek his own truths His commentaries opposed the time honored interpretations of Chu Hsi and he discredited them on purely philosophical grounds But with few disciples to carry on his teachings he was virtually forgotten or ignored in China for more than a hundred years after his death It was not until early in the present century with China under the pressures of Western aggression and internal disorders that Tai Chen's nearness to Western thought was rediscovered and his important role in the history of philosophy recognized Curiously this first of China's Western oriented philosophers even today remains little known in the West and his major writings largely untranslated *Widger's Quotes and Images from Serge Panine* by George Ohnet Georges Ohnet, 2020-03-16 In *Widger's Quotes and Images from Serge Panine* Georges Ohnet presents a vivid portrayal of the complexities of love and social ambition within the bourgeois milieu of 19th century France The book's literary style is characterized by its poignant realism and psychological depth employing rich detailed descriptions that invite readers into the emotional landscapes of its characters Ohnet's work emerges from the literary context of naturalism reflecting the societal issues of his time such as class struggle and moral dilemmas through the lens of personal relationships and inner conflict Georges Ohnet a prominent novelist and playwright was well acquainted with the societal intricacies of his era having navigated the realms of politics journalism and literature His first hand experiences in Parisian society provided him with a unique perspective on the challenges faced by individuals particularly women in pursuing love and identity amidst social constraints Ohnet's nuanced understanding of human psychology undoubtedly informs his character development in *Serge Panine* making it a compelling exploration of passion and sacrifice This book is recommended for readers interested in classic French literature as it adeptly blends emotional exploration with socio-political commentary Ohnet's exploration of the human condition combined with his engaging prose will resonate with anyone intrigued by the intricacies of romantic relationships within a historically rich context In this enriched edition we have carefully created added value for your reading
