

**A MENTOR BOOK**

MJ919  
\$1.95

A rich and thoughtful book... our best introduction to a fascinating and crucial story.

—Eugene Weber, *American Historical Review*

# THREE FACES OF FASCISM

**ACTION FRANCAISE**

**ITALIAN FASCISM**

**NATIONAL SOCIALISM**

A masterful dissection of the main currents  
of totalitarianism in our century.

**BY ERNST NOLTE**

# Three Faces Of Fascism

**Ernst Nolte**

## Three Faces Of Fascism:

**Three Faces of Fascism** Ernst Nolte, 1966 A study of the three major fascist movements of the 1920s and 30s

**Three Faces of Fascism** Ernest Nolte, 1969-04-01 [Three Faces of Fascism](#) Ernst Nolte, 1963 [Fascism and Neofascism](#) E. Weitz, A. Fenner, 2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic

**The Age of Secularization** Augusto Del Noce, 2017-11-08 A thought provoking collection of essays and lectures by one of the most perceptive Italian cultural critics of the twentieth century

**Three faces of fascism** Ernst Nolte, 1963 [Terrorism As a Political Philosophy](#) Frank DeAngelis, *French Writers and the Politics of Complicity* Richard J. Golsan, 2006-02 Focusing on the political commitments of three French writers who collaborated with the Vichy Regime and Nazi Germany during World War II and on those of three leading French intellectuals of the 1990s whose misplaced political idealism led them to support xenophobic authoritarian regimes and dangerous historical revisionisms Richard J Golsan reexamines the notion of political commitment or engagement in two difficult periods in modern French history Discussing the fiction essays and journalism of Henry de Montherlant Jean Giono and Alphonse de Chateaubriant Golsan explores the complexity of artistic and intellectual collaboration during the German Occupation He demonstrates that in this context complicity with political evil often derived from nonpolitical motives including sexual orientation antimodern aesthetics and dangerously skewed religious beliefs Turning to the post cold war era of the 1990s Golsan examines the philosopher Alain Finkielkraut s support for Croatian independence the mediologist Régis Debray s pro Serb stance during the bombing of Kosovo and the historian Stéphane Courtois s revisionist comparison of Nazi and Communist crimes during the 1997 debate surrounding the publication of *The Black Book of Communism* In these three cases laudable motives and misguided historical comparisons with Vichy Nazism and the Occupation period that marked the political and intellectual discourses of France in the 1990s resulted paradoxically in antidemocratic engagements profoundly at odds with the original motivations behind these intellectuals commitments In each of these case studies political complicity derives from a combination of passions and ideals whether positive or negative emotional or intellectual as well as a desire to make the present conform to a particular and generally skewed vision of the past The full implications of these involvements are neither fully grasped nor understood by their authors either through lack of objectivity rationality or imagination or

through willful ignorance The results are always unfortunate and often disastrous Considered together these six intellectuals serve as sobering reminders that political commitments are never as simple or straightforward as they seem and that admirable motives for political involvement can have dangerous and destructive consequences in historical practice

**Before Auschwitz** Paul R. Hinlicky, 2013-06-27 What can Christian theology in North America learn from the rise of Nazism in Germany in the 1920s and 1930s This book explores an explosion of scholarship in recent decades that has reopened questions once thought to be settled about the relationships between Nazism Liberalism and Christianity In the process of criticizing the retrospective fallacy and urging a properly hermeneutical historiography its method in historical theology causes us to reflect back upon our tacit commitments suggesting that we are closer to fascism than we are aware and that although the devil never shows its face twice in exactly the same way the particular hubris of grasping after final solutions along biopolitical lines that is the racially scientific version of fascism that was Nazism is and remains near at hand today within our horizon of possibilities unrecognized in just the ways that it was unrecognized by Germans before Auschwitz The book takes a fresh look at the theology of Adolf Hitler and finds themes that are disturbingly familiar It summons to the renewal of Christian theology after Christendom in the form of critical dogmatics where the motif of the Beloved Community replaces the fallen idol descended from Charlemagne

The Right and the Nation Toni Morant i Ariño, Julián Sanz, Ismael Saz, 2023-09-12 This book explores the influence of right wing political cultures including conservatism political Catholicism reactionary nationalism and fascism on nation building processes and the creation of national identities in modern times The chapters extend the focus of analysis across the different cultures and movements of the Right their broad geographical spread as well as cultural factors Adopting a transnational perspective this volume highlights the significance of a series of processes such as the growth of nationalist imaginaries and political cultures that extended beyond national boundaries and were often articulated via cross border dynamics Special attention is paid to the political cultures and transnational networks of the Right in Europe and Latin America Case studies including countries such as Spain France Italy Portugal Brazil and Argentina provide the reader with a broad overview of the circulation of right wing and conservative thinking Through an innovative approach this volume offers scholars students and the interested reader a valuable historical perspective to understand the development and expansion of right wing nationalist and authoritarian positions

Publications Ohio Academy of History, 1968

**Three Faces of Fascism; Action Fran Aise Italian Fascism, National Socialism.**

**Translated from the German by Leila Vennewitz** Ernst Nolte, 1966 *The "Final Solution"* Michael Robert Marrus, 1989

The Second World War: The Holocaust Jeremy Black, 2007 Part of a seven volume set which covers the Second World War from various different aspects including the causes and background of the war the war in Germany the war in Japan the Home Front and the Holocaust

**Diem's Final Failure** Philip E. Catton, 2002 Catton treats the Diem government on its own terms rather than as an appendage of American policy Focusing on the decade from Dien Bien Phu to Diem s

assassination in 1963 he examines the Vietnamese leader's nation building and reform efforts particularly his Strategic Hamlet Program which sought to separate guerrilla insurgents from the peasantry and build grassroots support for his regime Catton's evaluation of the collapse of that program offers fresh insights into both Diem's limitations as a leader and the ideological and organizational weaknesses of his government while his assessment of the evolution of Washington's relations with Saigon provides new insight into America's growing involvement in the Vietnamese civil war **Claudel Studies**, 1989 **Nazi History and the Holocaust**, 1999 **The South Atlantic Quarterly** John Spencer Bassett, Edwin Mims, William Henry Glasson, William Preston Few, William Kenneth Boyd, William Hane Wannamaker, 1967 University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System). Institute of Library Research, University of California, Berkeley, 1972 Phenomenology and the Social Sciences Maurice Natanson, 1973
