

THE THREE LOVES THEORY

Love One: Infatuation

An obsessive interest or desire for someone, usually based on their physical or behavioral characteristics. Lots of fantasizing... usually about sex.

Love Two: Romance

Highly passionate, Love Two produces a relationship with high emotional highs and low emotional lows. Your partner becomes addictive, almost like a drug.

Love Three: Commitment

A defined commitment to a single person to share your life with them for an indefinite period of time. Shared identity, goals, values, and visions for the future.
