Community and Identity Robert E. Birt, 2002 This collection of essays engages two of the most fundamental social and political issues of our time community and identity Wrestling with the perplexities of these two issues within the Africana world the contributors delve into the influences of a postmodern world of globalization with outdated crumbling forms of identity and sociality In the wake of such an order new forms of identity and community must be established Birt has collected an informed group of contributors here who lay the foundation for a new approach to finding community and identity in the Africana world

Race and Mixed Race Naomi Zack, 1993 In the first philosophical challenge to accepted racial classifications in the United States Naomi Zack uses philosophical methods to criticize their logic Tracing social and historical problems related to racial identity she discusses why race is a matter of such importance in America and examines the treatment of mixed race in law society and literature Zack argues that black and white designations are themselves racist because the concept of race does not have an adequate scientific foundation The one drop rule originally a rationalization for slavery persists today even though there have never been pure races and most American blacks have white genes Exploring the existential problems of mixed race identity she points out how the bi racial system in this country generates a special racial alienation for many Americans Ironically suggesting that we include gray in our racial vocabulary Zack concludes that any racial identity is an expression of bad faith Author note Naomi Zack is Assistant Professor in the Department of Philosophy at the State University of New York at Albany She herself is of mixed race Jewish African American and Native American

Black on Both Sides C. Riley Snorton, 2017-12-05 Winner of the John Boswell Prize from the American Historical Association 2018 Winner of the William Sanders Scarborough Prize from the Modern Language Association 2018 Winner of an American Library Association Stonewall Honor 2018 Winner of Lambda Literary Award for Transgender Nonfiction 2018 Winner of the Sylvia Rivera Award in Transgender Studies from the Center for Lesbian and Gay Studies The story of Christine Jorgensen America's first prominent transsexual famously narrated trans embodiment in the postwar era Her celebrity however has obscured other mid century trans narratives ones lived by African Americans such as Lucy Hicks Anderson and James McHarris Their erasure from trans history masks the profound ways race has figured prominently in the construction and representation of transgender subjects In Black on Both Sides C Riley Snorton identifies multiple intersections between blackness and transness from the mid nineteenth century to present day anti black and anti trans legislation and violence Drawing on a deep and varied archive of materials early sexological texts fugitive slave narratives Afro modernist literature sensationalist journalism Hollywood films Snorton attends to how slavery and the production of racialized gender provided the foundations for an understanding of gender as mutable In tracing the twinned genealogies of blackness and transness Snorton follows multiple trajectories from the medical experiments conducted on enslaved black

women by J Marion Sims the father of American gynecology to the negation of blackness that makes transnormativity possible Revealing instances of personal sovereignty among blacks living in the antebellum North that were mapped in terms of cross dressing and canonical black literary works that express black men s access to the female within Black on Both Sides concludes with a reading of the fate of Phillip DeVine who was murdered alongside Brandon Teena in 1993 a fact omitted from the film Boys Don t Cry out of narrative convenience Reconstructing these theoretical and historical trajectories furthers our imaginative capacities to conceive more livable black and trans worlds

Autobiography of an Ex-white Man Robert Paul Wolff,2005 Autobiography of an Ex White Man is an intensely personal meditation on the nature of America by a White Philosopher who joined a Black Studies Department and found his understanding of the world transformed by the experience The book begins with an autobiographical narrative of the events leading up to Wolff s transfer from a Philosophy Department to the W E B Du Bois Department of Afro American Studies at the University of Massachusetts and his experiences in the Department with his new colleagues all of whom had come to Academia from the Civil Rights Movement of the 1960s Wolff discovered that the apparently simple act of moving across campus to a new Department in a new building worked a startling change in the way he saw himself his university and his country Reading as widely as possible to bring himself up to speed in his new field of academic responsibility Wolff realized after a bit that his picture of American history and culture was undergoing an irreversible metamorphosis America he realized has from its inception been a land both of Freedom and of Bondage Freedom for the few and then for those who are White Bondage at first for the many and then for those who are not White Slavery is thus not an aberration an accident a Peculiar Institution it is the essence and core of the American experience Wolff s optimistic outlook leads him to express the hope that our acknowledging the realities of America s racial history and present will begin to tear down the formidable barrier to change He sees this refashioning of the American story as a first step toward the crafting of a truly liberatory project Robert Paul Wolff is Professor of Afro American Studies at the University of Massachusetts Amherst and the author of numerous books including Introductory Philosophy and In Defense of Anarchism

Brown V. Board of Education Robert J. Cottrol,Raymond T. Diamond,Leland Ware,2003 Tracing the litigations highlighting the pivotal role of the NAACP and including incisive portraits of key players this book simply but powerfully shows that Brown not only changed the national equation of race and caste it also changed our view of the Court s role in American life
