Three Reformation Catechisms Catholic Anabaptist Lutheran:

Three Reformation Catechisms Denis Janz,1982 Along with Luther s previously translated Small Catechism 1529 translated by Theodore Tappert this volume provides translations of the Catholic Dietrich Kolde s Fruitful Mirror of a Christian Man 1470 translated by Robert Dewell and the Anabaptist Balthasar Hubmaier s Christian Catechism 1527 translated by Denis Janz These catechisms were meant for children and adult laypersons in late medieval and early Reformation Germany [The Reform of Christian Doctrine in the Catechisms of Peter Canisius](#) Thomas Flowers, S.J.,2023-07-03 The catechisms of Peter Canisius reveal the contours of the struggle within the Catholic Church to reframe Christian identity in response to the Protestant Reformation Canisius published his first catechism in 1555 and immediately achieved phenomenal publishing success Yet his catechisms received neither endorsement nor approbation from Rome Canisius s catechesis proposed a confident vision of Christian identity grounded in the practice of Catholic piety The Roman Curia increasingly conceived of catechesis as a defensive bulwark against Protestant assault Although Canisius s catechisms often appear in scholarship as representatives of a combative post Reformation style of defending Catholic orthodoxy the combat in which they actually engaged was internal to the Catholic Church over how to reframe post Reformation Catholic identity

The Reformation of Prayer among Sixteenth-Century Lutherans Mary Jane Haemig,2025-03-22 In sixteenth century Germany Martin Luther and his followers engaged in a thorough reform of beliefs and practices related to prayer a reform rooted in Luther s theological insights Rejecting medieval beliefs that saw prayer as a good work Luther and his followers saw prayer as a human response to God s command to pray and promise to hear It was a good work done freely not to earn salvation but rather to converse with God Luther and his followers taught prayer in many different ways They used catechisms and catechesis to teach the basics of Christian belief including the Lord s Prayer They emphasized understanding the petitions of prayer not just reciting words They encouraged the use of the psalms as prayers and produced literature designed to make the psalms accessible and understandable They published prayerbooks to instruct in prayer and offer prayers for a variety of vocations and situations Lutheran sermons taught prayer both on particular occasions and on many Sundays of the church year Worship taught prayer and provided models for prayer Literature for those suffering sickness death plague childbirth and war taught prayer as part of its effort to console Literature for theological students and manuals designed to help pastors in their ministries contained instruction in prayer highlighting the importance of prayer in the life and ministry of the pastor and helping them to teach prayer This book gives a comprehensive overview of the theological underpinnings for prayer as well as the strategies and literature used by Luther and his followers as they taught prayer to all people

Martin Luther and the Rule of Faith Todd R. Hains,2022-10-11 Martin Luther is known for challenging the Roman Catholic church yet reading God s Word was what Luther considered his primary task Though he is often portrayed as reading the Bible with a bare approach Todd R Hains considers how Luther s interpretation of the text

was actually guided by the church's established practice of hermeneutics

Norwegian Religious Pluralism Frederick Hale, 1992 This is a historical study of religious transition in Norway and among Norwegian immigrants in the United States and southern Africa It traces the domestic and Anglo American factors which by 1900 had changed Norway from a society almost uniformly Lutheran by law and deeply rooted tradition into one in which many people had only tenuous ties to their established church while tens of thousands of their countrymen became members of nonconformist denominations These copiously documented findings challenge assumptions which have been axiomatic among historians of Norwegian immigration throughout the twentieth century They also undermine unproven generalizations about immigrant religiosity made by such prominent historians as Oscar Handlin and Timothy Smith and reproduced uncritically by many of their colleagues TSR 59 89 95 244pp 1992

The Influence of Augustine of Hippo on the Orthodox Church Michael Azkoul, 1990 This study seeks to show that Augustine created a Greek Christian synthesis based on Neo-Platonism which removes him from the Orthodox mind and the Patristic tradition The author argues that the theology of Augustine is not the apex of the Patristic tradition but the beginning of a new one and is incompatible with the theology of the Orthodox Church with the difference between the two accounting in part for the separation of Eastern Orthodoxy and Roman Catholicism
