## **Threshold Poetics:**

**Threshold Poetics** Susannah B. Mintz, 2003 *Threshold Poetics* Milton and Intersubjectivity is a study of the challenge intersubjective experience poses to doctrinal formulations of difference Focusing on *Paradise Lost* and *Samson Agonistes* and using feminist and relational psychoanalytic theory the project examines representations of looking working eating conversing and touching to argue that encounters between selves in threshold space dismantle the binary oppositions that support categorical thinking A key term throughout the study is recognition defined as the capacity to tolerate both sameness and difference between separate selves Recognition of likeness in difference thus undermines the exclusionary logic of patriarchal and political hierarchies Both Eve and Dalila demonstrate the ability to respect the borders of the other while seeking out similarity but where *Paradise Lost* depicts the eventual achievements of intersubjective understanding between Adam and Eve after the fall *Samson Agonistes* records its failure when Samson maintaining the boundaries of difference refuses Dalila's effort to make contact

**Thinking on Thresholds** Subha Mukherji, 2011 Through a combination of case studies and theoretical investigations the essays in this book address the imaginative power of the threshold as a productive space in literature and art

**Decadent Threshold Poetics** Jessica Gossling, 2018 **Poetics of Deconstruction** Lynn Turner, 2020-10-15 In *Poetics of Deconstruction* Lynn Turner develops an intimate attention to independent films art and the psychoanalyses by which they might make sense other than under continued license of the subject that calls himself man Drawing extensively from Jacques Derrida's philosophy in precise dialogue with feminist thought animal studies and posthumanism this book explores the vulnerability of the living as rooted in non oppositional differences From abjection to mourning to the speculative and the performative it reposes concepts and buzzwords seemingly at home in feminist theory visual culture and the humanities more broadly Stepping away from the carnal phallogocentric legacies of the signifier and the dialectic *Poetics of Deconstruction* asks you to welcome nonpower into politics always sexual but no longer anchored in sacrifice

**The Threshold of Transfiguration and the Elusive "other" in the Poetics of Boris Pasternak** Mary Catherine Gannon, 1997

**Affect, Psychoanalysis, and American Poetry** John Steen, 2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self referential textual objects **Affect** *Psychoanalysis and American Poetry* challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid century poets Randall Jarrell Robert Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory **Affect** *Psychoanalysis and American Poetry* finds poetry's singularity in its unique capacity to represent anew the transmissible

relational and uncontainable valences of feeling that structure and destabilize social life

**Liminality and the Short Story** Jochen Achilles, Ina Bergmann, 2014-12-05 This book is a study of the short story one of the widest taught genres in English literature from an innovative methodological perspective Both liminality and the short story are well researched phenomena but the combination of both is not frequent This book discusses the relevance of the concept of liminality for the short story genre and for short story cycles emphasizing theoretical perspectives methodological relevance and applicability Liminality as a concept of demarcation and mediation between different processual stages spatial complexes and inner states is of obvious importance in an age of global mobility digital networking and interethnic transnationality Over the last decade many symposia exhibitions art and publications have been produced which thematize liminality covering a wide range of disciplines including literary geographical psychological and ethnicity studies Liminal structuring is an essential aspect of the aesthetic composition of short stories and the cultural messages they convey On account of its very brevity and episodic structure the generic liminality of the short story privileges the depiction of transitional situations and fleeting moments of crisis or decision It also addresses the moral transgressions heterotopic orders and forms of ambivalent self reflection negotiated within the short story's confines This innovative collection focuses on both the liminality of the short story and on liminality in the short story

Threshold Songs Peter Gizzi, 2012-01-01 About Threshold Songs the voices in these poems perform at the interior thresholds encountered each day where we negotiate the unfathomable proximities of knowing and not knowing the gulf of seeing and feeling the uncanny relation of grief to joy and the borderless nature of selfhood and tradition Both conceptual and haunted these poems explore the asymmetry of the body's chemistry and its effects on expression and form The poems in Threshold Songs tune us to the microtonal music of speaking and being spoken Check for the online reader's companion at <http://petergizzi.wesleyan.edu>

*The Art of the Threshold* Joan Wry, 2010 *The Pace of Modernity* O. Bradley Bassler, 2012 Wittgenstein said that philosophers should greet each other not by saying Hello but rather Take your time But what is time Time is money but this points to an even better answer to this basic question for our modern epoch time is acceleration In a cultural system which stresses economic efficiency the quicker route is always the more prized if not always the better one Wittgenstein's dictum thus constitutes an act of rebellion against the dominant vector of our culture but as such it threatens to become quickly anti modern We need an approach to reading our information rich culture which is not reactionary but rather meets its accelerated condition In this book O Bradley Bassler develops a toolkit for acute reading of our modern pace not through withdrawal but rather through active engagement with a broad range of disciplines The main characters in this drama comprise a cast of master readers Hannah Arendt Jean Starobinski Harold Bloom Angus Fletcher Hans Blumenberg and John Ashbery with secondary figures drawn from the readers and critics whom this central group suggests We must develop a vocabulary of pacing reflecting our modern distance from classical sources and the concomitant acceleration of our contemporary condition Only in this way can we begin to situate the
