Throat Sprockets:

Throat Sprockets Tim Lucas, 2025-07-22 In a fading old porno theater in a town called Friendship a mild mannered young advertising writer watches a movie called Throat Sprockets and is never the same again As he becomes increasingly obsessed with the film it infects him with a new erotic aesthetic that finds expression through his advertising work spreading its vampiric influence on a local national and eventually international level As his old life crumbles and a new one begins to take shape he sets out on a quest to discover the secrets of the film s creation and the identity of its mysterious creator Tim Lucas s genre defying cult classic was featured in Stephen Jones and Kim Newman s Horror 100 Best Books series and chosen by Rue Morgue as one of the Best Alt Horror Novels This special 30th Anniversary Edition includes an introduction by Tananarive Due and a brand new novella length penultimate chapter filling in the past three decades of the protagonist s misadventure Throat Sprockets a dark brilliant crow in the literary sky is terrifying and euphoric both in its portrayal of obsession Lucas is a first rate writer Alexander Theroux To read Throat Sprockets is to understand that every vampire story before now has missed the mark Cosmopolitan Genuinely kinky and perverse and smart Bret Easton Ellis Witty and thoughtful and consistently surprising and above all deeply unsettling Ramsey Campbell A chic and darkly humorous study of sexual obsession a witty reworking of the Dracula myth starched stiff with irony a stylish provocative debut novel The Times A brilliant novel Maxim Be warned this is no ordinary novel I searched my bookshelves for apt comparisons and soon realized that I could only invent them Dracula rewritten by J G Ballard Last Year at Marienbad directed by Mario Bava Here at last is what readers have been waiting for a new and very dark vision This is the most original and unnerving first novel that I ve read in years Stunning Douglas E Winter

The Only Criminal Tim Lucas, 2024-09-27 Once upon a time in a world otherwise much like our own there is only one source of evil torment and crime in the entire world He is known as The Only Criminal By extension he is also the only source of interesting information in print and televisual news All movies all TV shows are made about him He is also responsible for all the recorded music in the world brought into being under the influence of illegal drugs The Only Criminal is also the only source of fascination for a brilliant young psychologist Dr Paul Vaguely a man driven by his obsession with this one subject which fills him with fear and fuels his boundless curiosity and imagination The good Dr Vaguely is developing a new branch of psychiatric care specializing in the treatment of patients whose lives were touched by the peril and plunder of The Only Criminal but his plans are upset by two things the discovery of the only known survivor of an Only Criminal attack to have actually seen him and lived and The Only Criminal s most fiendish coup of all which steers the world at large toward a collective nervous breakdown Decades in preparation The Only Criminal is many things a Kafkaesque comic book on the theme of Original Sin a never more relevant love story between two isolated characters fearful of risking human contact even a fanciful alternative history of how our world may have ended up in such a catastrophic mess Dark humorous erotic and charged with danger The Only Criminal may be its author s definitive journey

into the depths of dark obsession Compulsively enviably superb THE ONLY CRIMINAL is a marvel Tim Lucas brilliantly weaves wit romance and glorious wisdoms with maestro cool R C Matheson Dystopia It s brilliant one of the most interesting and entertaining things I ve read Kelley Jones Batman The Sandman This is a wonderful droll witty book a real joy for people with eclectic cinematic and reading tastes A bedtime book to savor just like one of the hero s vanilla flavored cigarettes Joan Hawkins Cutting Edge Art Horror the Horrific Avant Garde

The Book of Renfield Tim Lucas,2023-04-11 Lucas mimics Stoker s style so well that it s hard to distinguish his own writing from passages interpolated from Dracula A fully humanized character study Publishers Weekly Perhaps the most infamous supporting character in all of Gothic Horror is R M Renfield the unstable patient under observation at Dr Seward s Carfax Asylum in Bram Stoker s Dracula a pathetic wretch who prophesies the imminent arrival of the Master while covertly feeding on spiders and flies Yet Stoker s 1887 classic tells us almost nothing about him Why and how was such an unsavory figure chosen to be the Un dead Count s groveling envoy In this remarkable harbinger of the mash up novel author Tim Lucas with the help of Stoker himself takes us on an illuminating magical sometimes strangely erotic investigation into Renfield s origin fitted seamlessly within the language and the flurry of correspondence and other documentation found in Dracula THE BOOK OF RENFIELD reinvigorates Stoker s seminal horror masterpiece with numerous uncanny stories within stories alternately ghastly marvelous and hauntingly tender framing DRACULA s robust blood and thunder with a flair for meta and modernity This Newly Revised Edition is extensively reworded and restructured incorporating many paragraphs of content deleted from the original 2005 text Also included is a contextualizing new Foreword by horror expert Stephen R Bissette and a substantial Afterword by the author

Horror Comics in Black and White Richard J. Arndt,2013-01-04 In 1954 the comic book industry instituted the Comics Code a set of self regulatory guidelines imposed to placate public concern over gory and horrific comic book content effectively banning genuine horror comics Because the Code applied only to color comics many artists and writers turned to black and white to circumvent the Code s narrow confines With the 1964 Creepy 1 from Warren Publishing black and white horror comics experienced a revival continuing into the early 21st century an important step in the maturation of the horror genre within the comics field as a whole This generously illustrated work offers a comprehensive history and retrospective of the black and white horror comics that flourished on the newsstands from 1964 to 2004 With a catalog of original magazines complete credits and insightful analysis it highlights an important but overlooked period in the history of comics
