

VALUE PERSPECTIVES TODAY

It is a common view that the business world's primary purpose is to generate profit for its owners. It is a view that has been widely accepted for many years. However, it is a view that is being challenged by a new generation of business leaders who are beginning to see the value of their companies in terms of the well-being of their employees and the community.

Value Perspectives Today Toward An Integ:

Value Perspectives Today John F. Emling, 1977 A clear presentation of Piaget's new discipline genetic epistemology as a reality one pregnant with activity this work will help to counteract the irrelevances and confusion in educating for values today [Current Perspectives on Immigrant Integration in Europe and Beyond](#) Boris Heizmann, Reinhard Schunck, 2022-08-02 **Current Perspectives on the Value, Teaching, Learning, and Assessment of Design in STEM Education** Jeffrey Buckley, Eva Hartell, Nicolaas Blom, 2023-08-25 Design is a central activity within Science Technology Engineering and Mathematics STEM education Within enacted practice design can feature within intended learning outcomes for example in learning to design and it can feature within pedagogical methodologies for example by learning through design Often holding differing disciplinary interpretations such as design as cyclical problem solving iterative design conceptual design or design with or without make understanding the educational merits of the ill defined and open nature of authentic designerly activity is paramount This Research Topic sets out to gain a more nuanced understanding of the value and roles of design within STEM educational contexts This Research Topic focuses on design within STEM educational contexts particularly in terms of teaching learning and assessment The aim is to contribute to the evidential basis which can be used to guide the incorporation of design into educational practice The topic has two central research objectives The first is to generate evidence regarding what design is in STEM education For example is the ability to design a singular or manifold construct Is the capacity to design or are factors of this ability both learnable and teachable How transferable is designerly knowledge between contexts How do different disciplinary contexts influence the interpretation of design The second is to further our understanding of how best to incorporate design within STEM education contexts For example how much emphasis should be placed on learning to or through design in school How should design be assessed within formal education Where and when is design best incorporated into education In posing these questions the goal of this research topic is to provide scholarly discourse which supports critical reflection and the challenging of assumptions regarding design in education [Integral Operational Leadership](#) Greg Park, 2016-11-18 Throughout Integral Operational Leadership Park acknowledges that the principles perspectives and priorities highlighted in his first book Collaborative Wisdom From Pervasive Logic to Effective Operational Leadership must be translated into practical and operational guidelines Part I of this new volume briefly revisits the theory and concepts introduced in Collaborative Wisdom and brings to centre stage an alternative organisational framework and culture which has long operated on the sidelines in many business sectors The substantive content of this volume however is dedicated by way of case studies and exercises to offering insights that encourage and facilitate effective day to day decision making This book creates a logical and robust chain from the hidden often forgotten subconscious and intuitive element of the leadership cognitive process to the daily issues decisions practices and actions of leaders within the operational environment It demonstrates how the existence of a collaborative wisdom can

influence the implementers as well as the policymakers within the organisational leadership cadre Integral Operational Leadership provides support for industry professionals who are seeking to develop their organisational capabilities and performance through clear operational leadership This book concerns itself with an alternative and progressive leadership logic based upon perspectives priorities and practices considered more attuned to the realities of the twenty first century environment within which the business organisation operates

Towards Mainstreaming Integrated Reporting - Theoretical Landscape and Practical Insights Arvi Kass,2012 Master s Thesis from the year 2012 in the subject Business economics Accounting and Taxes grade 1 7 Berlin School of Economics and Law course MA Accounting Controlling language English abstract It appears that the process towards mandatory Integrated Reporting is inevitable The businesses need to be prepared to take the first steps towards applying these new reporting principles to remain successful over long term At the same time many practitioners raise many justified questions as there is no established Integrated Reporting framework guidelines or thorough business practice yet available This Master Thesis examines the developments of Integrated Reporting theory and provides practical insights based on a survey conducted among South African listed entities into how businesses perceive the new reporting concept The focus of this thesis was to investigate whether the current theoretical frameworks provide sufficient guidance on Integrated Reporting adoption whether companies perceive value creation from applying Integrated Reporting principles what were the main challenges and opportunities faced and whether the Integrated Reporting should remain voluntary or become a mandatory requirement In addition a critical analysis of the Integrated Reporting Discussion Paper published in September 2011 is provided
