Van Der Merwe 100 Stories:

Not Again Van Der Merwe, 1976 **War Stories** Philip Dwyer, 2016-11-01 Although war memoirs constitute a rich varied literary form they are often dismissed by historians as unreliable This collection of essays is one of the first to explore the modern war memoir revealing the genre s surprising capacity for breadth and sophistication while remaining sensitive to the challenges it poses for scholars Covering conflicts from the Napoleonic era to today the studies gathered here consider how memoirs have been used to transmit particular views of war even as they have emerged within specific social and political contexts *Van Der Merwe*, 1975 *The African Book Publishing Record*, 2009 **International Books in Print, 1995** Barbara Hopkinson, [Anonymus AC01401231], 1995 **Creating Books for the Young in the New South Africa** Barbara A. Lehman, Jay Heale, Anne Hill, 2014-10-01 This collection of essays analyzes the work of 29 authors and illustrators South African children s and youth literature has a long history The country is the most prolific publisher of children s books on the continent producing perhaps the highest quality literature in Africa Its traditions resonate within the larger world of children s literature but are solidly grounded in African myth and archetypes The African diaspora in the U S and elsewhere have stories rooted in these oral traditions Much has changed in South African literature for children since the 1994 transformation of the country A field once dominated by all white and mostly female writers and illustrators has diversified adding many new voices *Biblical Theology of prayer in the New Testament* Francois P. Viljoen, Albert J. Coetsee, 2023-08-31 This publication deals with a biblical theology of prayer based on the New Testament It forms the second of a two volume publication on a biblical theology of prayer dealing with the concept of prayer in the Old and New Testament respectively This New Testament volume begins with an introduction on prayer and worship in early Jewish tradition followed by eleven chapters dealing with New Testament corpora It concludes with a final chapter synthesising the findings of the respective investigations of the Old and New Testament corpora to provide a summative theological perspective of the development of the concept of prayer through scripture Prayer forms a major and continuous theme throughout the biblical text Prayer was an integral part of the religious existence of God s people in both the Old and New Testament It underwent its greatest developments during after and as a result of the Exile and was deepened and transformed in the New Testament In both the Old and the New Testament God is the sole addressee of his people s prayer This conviction continued into the New Testament but was broadened with Trinitarian elements of worship adoration and intercession A biblical theological investigation is chosen as methodology Since all the biblical books form part of one canonical text the assumption is that the various theologies about prayer being displayed in these books can be synthesised into a developing meta theology about prayer As the Old and New Testament form part of the canonical text the results about prayer in the Old Testament can be brought into play with the results about prayer in the New Testament This eventually leads toward an overarching biblical theology of prayer *Rhodesia National Bibliography*, 1976 **List of Publications Deposited in the Library of the**
