Van Gogh in Popular Culture Lynnette Porter,2015-12-11 Vincent van Gogh continues to fascinate more than a century after his death in 1890 Yet how much of what is commonly known about this world renowned artist is accurate Though he left thousands of works and a trove of letters the definitive Van Gogh remains elusive Was he a madman who painted his greatest pieces in a passionate fury or a lifelong student of art literature and science who carefully planned each composition Was he a loner dedicated only to his craft or an active collaborator with his contemporaries Why is he best known for self mutilation and The Starry Night This book has biographers scriptwriters lyricists actors museum curators and tour guides among others presenting diverse interpretations of his life and work creating a mythic persona that may in fact help us in the search for the real Van Gogh

Dear Theo Irving Stone,Jean Stone,1995-09-01 Written from the heart and without restraint alive The New York Times Vincent van Gogh the great but tormented artist bared his tortured yet ecstatic soul in his letters to his confidant and companion his beloved brother Theo These letters reveal the man behind such masterpieces as The Starry Night and The Bedroom a desperate man whose quest for love became a flight into madness and for whom every day was a fight for life Irving Stone acclaimed author of Lust for Life and other remarkable biographic novels has collected Vincent van Gogh s fascinating letters to Theo Here we see the great artist as a human being as well as a man with an appointment with destiny Van Gogh is a man struggling with doubts and fears beset by poverty and mental illness but also a painter who dares to break all the rules of academic art to create priceless masterpieces never honored during his lifetime He was part of the coterie of great artists of his day while as the same time an intimate of aging streetwalkers These letters are outpourings of

his soul that paint a vibrant self portrait in words equal to the intensity and emotion his painting created This is the personal story of a legend **Personal Recollections of Vincent Van Gogh** Elisabeth Duquesne Van Gogh,2016-12-27 Twenty three years after Van Gogh s suicide his sister published this intimate view of the artist s life art and philosophy The memoir is illustrated with reproductions of several of Van Gogh s most characteristic works *Van Gogh* Vincent van Gogh,2011-07-01 Vincent van Gogh s life and work are so intertwined that it is hardly possible to observe one without thinking of the other Van Gogh has indeed become the incarnation of the suffering misunderstood martyr of modern art the emblem of the artist as an outsider An article published in 1890 gave details about van Gogh s illness The author of the article saw the painter as a terrible and demented genius often sublime sometimes grotesque always at the brink of the pathological Very little is known about Vincent s childhood At the age of eleven he had to leave the human nest as he called it himself for various boarding schools The first portrait shows us van Gogh as an earnest nineteen year old At that time he had already been at work for three years in The Hague and later in London in the gallery Goupil Co In 1874 his love for Ursula Loyer ended in disaster and a year later he was transferred to Paris against his will After a particularly heated argument during Christmas holidays in 1881 his father a pastor ordered Vincent to leave With this final break he abandoned his family name and signed his canvases simply Vincent He left for Paris and never returned to Holland In Paris he came to know Paul Gauguin whose paintings he greatly admired The self portrait was the main subject of Vincent s work from 1886c88 In February 1888 Vincent left Paris for Arles and tried to persuade Gauguin to join him The months of waiting for Gauguin were the most productive time in van Gogh s life He wanted to show his friend as many pictures as possible and decorate the Yellow House But Gauguin did not share his views on art and finally returned to Paris On 7 January 1889 fourteen days after his famous self mutilation Vincent left the hospital where he was convalescing Although he hoped to recover from and to forget his madness but he actually came back twice more in the same year During his last stay in hospital Vincent painted landscapes in which he recreated the world of his childhood It is said that Vincent van Gogh shot himself in the side in a field but decided to return to the inn and went to bed The landlord informed Dr Gachet and his brother Theo who described the last moments of his life which ended on 29 July 1890 I wanted to die While I was sitting next to him promising that we would try to heal him he answered La tristesse durera toujours The sadness will last forever *The Letters of Vincent Van Gogh to His Brother, 1872-1886* Vincent van Gogh,1927 **Vincent Van Gogh** Ingo F. Walther,Vincent van Gogh,Rainer Metzger,1993 [Breaking van Gogh](#) James Ottar Grundvig,2016-10-04 In [Breaking van Gogh](#) James Grundvig investigates the history and authenticity of van Gogh s iconic Wheat Field with Cypresses currently on display at the Metropolitan Museum of Art in New York Relying on a vast array of techniques from the study of the painter s biography and personal correspondence to the examination of the painting s style and technical characteristics Grundvig proves that the most expensive purchase housed in the Met is a fake The Wheat Field with Cypresses is traditionally considered to date to the time of van Gogh s stay in the Saint R my

mental asylum where the artist produced many of his masterpieces After his suicide these paintings languished for a decade until his sister in law took them to a family friend for restoration The restorer had other ideas In the course of his investigation Grundvig traces the incredible story of this piece from the artist s brushstrokes in sunlit southern France to a forger s den in Paris the art collections of a prominent Jewish banking family and a Nazi sympathizing Swiss arms dealer and finally the walls of the Met The riveting narrative weaves its way through the turbulent history of twentieth century Europe as the painting s fate is intimately bound with some of its major players

Van Gogh Julian Bell, 2022-01-25 I believe in the absolute necessity of a new art of colour of drawing and of the artistic life Vincent van Gogh wrote to his brother Theo in 1888 And if we work in that faith it seems to me that there s a chance that our hopes won t be in vain His prediction would come true In his brief and explosively creative life he committed suicide a few years later at the age of thirty seven Van Gogh made us see the world in a new way His shining landscapes of Provence and somber portraits of workers shattered the relationship between light and dark and his hallucinatory visions were so bright they nearly blinded the world He was a great writer as well In his six hundred plus letters to Theo he chronicled with heartbreaking urgency his mental breakdowns acrimonious family relations and struggles with art dealers who largely ignored him until the last years of his life Shading this dark story is the artist s acquaintance with prostitutes and penury stormy scenes with his friend Paul Gauguin and dissipated Parisian nights with Henri de Toulouse Lautrec Julian Bell s passion for his subject brings the painter to life Bell writes with slashing intensity at once scholarly and defiantly partisan I have written this book out of my love for Vincent van Gogh the uniquely exciting painter and Vincent van Gogh the letter writer of heart piercing eloquence he declares For Bell

Van Gogh was an artistic genius and more he was a wonder of the world
