GoogleBooks *Van Gogh, Arles, Murder* Maurice Beale, 2010 Beginning with his arrival in Arles in March 1888 a combination of factual and fictitious events relating to Vincent Van Gogh are revealed while the Dutchman goes about creating timeless works of art A number of drawings and paintings of previously unknown locals are finally afforded names and backgrounds Prominent amongst these is a portrait of a young girl to whom the artist is especially attracted When she is found murdered suspicion falls on Van Gogh Harassed by both a tireless police inspector and a majority of the citizens of Arles the painter descends into the madness and despair culminating in his slicing off part of an ear while remaining sufficiently lucid to identify and paint the man he suspects of the crime Circumstances and characters pertaining to the murder define aspects of Van Gogh s personality as well as portraying a way of life in nineteenth century France remarkably similar to present day problems in the USA

Studio of the South Martin Bailey, 2021-07-06 Martin Bailey has written some of the most interesting books on Vincent s life in France where he produced his greatest work Johan van Gogh grandson of Theo the artist s brother Studio of the South tells the story of Van Gogh s stay in Arles when his powers were at their height For Van Gogh the south of France was an exciting new land bursting with life He walked into the hills inspired by the landscapes and painted harvest scenes in the heat of summer He

visited a fishing village where he saw the Mediterranean for the first time energetically capturing it in paint He painted portraits of friends and locals and flower still life paintings culminating in the now iconic Sunflowers He rented the Yellow House and gradually did it up calling it an artist s house inviting Paul Gauguin to join him there This encounter was to have a profound impact on both of the artists They painted side by side their collaboration coming to a dramatic end a few months later The difficulties Van Gogh faced led to his eventual decision to retreat to the asylum at Saint Remy Based on extensive original research the book reveals discoveries that throw new light on the legendary artist and give a definitive account of his fifteen months in Provence including his time at the Yellow House his collaboration with Gauguin and its tragic and shocking ending

an artist's house inviting Paul Gauguin to join him there. This encounter was to have a profound impact on both of the artists. They painted side by side in the Alyscamps, an ancient necropolis on the outskirts of town, their collaboration coming to a dramatic end in December. The difficulties Van Gogh faced living by himself led to his eventual decision in May 1889 to retreat to the asylum at Saint Remy. One of his final tasks at the Yellow House was to pack up two crates with his last eight months of paintings. Unsold in his lifetime, the pictures have since been recognized as some of the greatest works of art ever created.
