This Must Be the Place Jesse Rifkin, 2023-07-11 Winner of the New York City Book Awards A Kirkus Best Book of July An InsideHook Book You Should Be Reading This July A fascinating history that examines how real estate gentrification community and the highs and lows of New York City itself shaped the city's music scenes from folk to house music Take a walk through almost any neighborhood in Manhattan and you'll likely pass some of the most significant clubs in American music history But you won't know it almost all of these venues have been demolished or repurposed leaving no record of what they were how they shaped music scenes or their impact on the neighborhoods around them Traditional music history tells us that famous scenes are created by brilliant singular artists But dig deeper and you'll find that they're actually created by cheap rent empty space and other unglamorous factors that allow artistic communities to flourish The 1960s folk scene would have never existed without access to Greenwich Village's Washington Square Park If the city hadn't gone bankrupt in 1975 there would have been no punk rock Brooklyn indie rock of the 2000s was only able to come together because of the borough's many empty warehouse spaces But these scenes are more than just moments of artistic genius they're also part of the urban gentrification cycle one that often displaces other communities and eventually the musicians themselves Drawing from over a hundred exclusive interviews with a wide range of musicians deejays and scenesters including members of Peter Paul and Mary White Zombie Moldy Peaches Sonic Youth Treacherous Three Cro Mags Sun Ra Arkestra and Suicide writer historian and tour guide Jesse Rifkin painstakingly reconstructs the physical history of numerous classic New York music scenes This Must Be the Place examines how these scenes came together and fell apart and shows how these communal artistic experiences are not just for rarefied geniuses but available to us all Talk - Action = 0 (Talk Minus Action Equals Zero) Joey Keithley, 2011-07-19 The history of punk band D O A through vintage photographs posters and various ephemera over the past thirty years **The reach**, 1917 *American Shipping*, 1920 **The Log**, 1946 **Ski**, 1995-10

Europeans most urban Australians live on far flung suburban blocks rather than in high density apartments Most urban travel is to widespread suburban locations rather than to the city centre It is often argued that fast efficient public transport is impossible in our dispersed cities In *A Very Public Solution* Paul Mees compares Melbourne s public transport system with the highly successful system in Toronto a dispersed city very like Melbourne with its suburban sprawl and sheds new light on a century old debate This debate is particularly important now as economic rationalists move to privatise public transport in Australian cities We can have European style public transport Mees argues if our different forms of public transport stop competing with each other and start competing with the car *A Very Public Solution* is the first serious work on public transport planning ever published in Australia It is essential reading for everyone concerned with urban sustainability and our growing traffic problems *Electrical News*, 1916
