Spy horse whisperer father of fourteen William Newman 1744 1843 What would you ask someone who lived through three wars and watched the fragile dawning of a new country William Newman s granddaughters fear his stories will die with him Behind all the gray hair and wrinkles is a man with an adventurous past grieving the loss of his beloved wife Ann He worked with prize race horses performed rescue missions as a dragoon and raised a large family with wit and humor What stories from his 99 years of experience will help his family with their current struggles William s children have moved west and want their family to reconnect with their deep Virginia roots through the stories of their ancestors Experience adventurous tales of Colonial Virginia See how the love of his family helped him overcome adversity and become a hero to inspire future generations      The 47th Corcoran Biennial Jonathan P. Binstock, 2002      The Serendipity of Hope Simon Lee, Ian S. Markham, 2023-07-07 Institutions are very precious If any idea is going to persist into the future then it needs an institution to keep it going Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us Some will have been inspiring Some will have given us direct models of how to behave or how not to behave Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together The Institution was Liverpool Hope University College and is now Liverpool Hope University By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of communities institutions or societies in general But there was something special about belonging to a community called Hope
