as literary critic and journalist Evan Hughes reveals the rich literary life now flourishing in Brooklyn is part of a larger fascinating history With a dynamic mix of literary biography and urban history Hughes takes us on a tour of Brooklyn past and present and reveals that hiding in Walt Whitman's Fort Greene Park Hart Crane's Brooklyn Bridge the raw Williamsburg of Henry Miller's youth Truman Capote's famed house on Willow Street and the contested streets of Jonathan Lethem's Boerum Hill is the story of more than a century of life in America's cities Literary Brooklyn is a prismatic investigation into a rich literary inheritance but most of all it's a deep look into the beloved borough a place as diverse and captivating as the people who walk its streets and write its stories In a way the literary history of Brooklyn is like a literary history of America itself not because America is like Brooklyn which it isn't but because it is a story of a certain set of writers describing what they knew as America came into being as the country invented a literature of its own Los Angeles Times An engrossing cultural memoir New York Daily News *From Lie Down in Darkness to Sophie's Choice* Elizabeth Lynn Gordon, 1991
