A Window in Thrums (1889), by J. M. Barrie (Classics) J. M. Barrie, 2016-03-27 Sir James Matthew Barrie 1st Baronet OM 9 May 1860 19 June 1937 was a Scottish novelist and playwright best remembered today as the creator of Peter Pan He was born and educated in Scotland but moved to London where he wrote a number of successful novels and plays There he met the Llewelyn Davies boys who inspired him to write about a baby boy who has magical adventures in Kensington Gardens included in The Little White Bird then to write Peter Pan or The Boy Who Wouldn't Grow Up a fairy play about an ageless boy and an ordinary girl named Wendy who have adventures in the fantasy setting of Neverland Although he continued to write successfully Peter Pan overshadowed his other work and is credited with popularising the then uncommon name Wendy 1 Barrie unofficially adopted the Davies boys following the deaths of their parents **A Window in Thrums** J. M. Barrie, 2006-11 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing

is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

A Window in Thrums James Matthew Barrie,2013-09-29 When the English publishers read *A Window in Thrums* in manuscript they thought it unbearably sad and begged me to alter the end They warned me that the public do not like sad books Well the

older I grow and the sadder the things I see the more do I wish my books to be bright and hopeful but an author may not always interfere with his story and if I had altered the end of *A Window in Thrums* I think I should never have had any more respect for myself It is a sadder book to me than it can ever be to anyone else I see Jess at her window looking for the son who never came back as no other can see her and I knew that unless I brought him back in time the book would be a pain to me all my days but the thing had to be done I think there are soft hearted readers here and there who will be glad to know that there never was any Jess There is a little house still standing at the top of the brae which can be identified as her house I chose it for her though I was never in it myself but it is only the places in my books about Thrums that may be identified The men and women with indeed some very subsidiary exceptions who now and again cross the square are entirely imaginary and Jess is of them But anything in her that was rare or beautiful she had from my mother the imaginary woman came to me as I looked into the eyes of the real one And as it is the love of mother and son that has written everything of mine that is of any worth it was natural that the awful horror of the untrue son should dog my thoughts and call upon me to paint the picture That I believe now though I had no idea of it at the time is how *A Window in Thrums* came to be written less by me than by an impulse from behind And so it wrote itself very quickly I have read that I rewrote it eight times but it was written once only nearly every chapter I think at a sitting

A Window in Thrums J. M. Barrie,1932 *A Window in Thrums. Auld Licht Idylls(1889).* by J. M. Barrie,2016-12-12 *A Window in Thrums* the story of the untrue son is one of several novels about the fictional village of Thrums said to be modeled on Barrie s home town of Kirriemuir Written by J M Barrie the Scottish novelist

and dramatist who is best known for inventing the character of Peter Pan. His first novels were set in Kirriemuir, Scotland, which he referred to as Thrums; his father worked as a weaver. His Thrums novels were hugely successful when they were published, including *Auld Licht Idylls* (1888) and *The Little Minister* (1891). Sir James Matthew Barrie, 1st Baronet, OM (9 May 1860 – 19 June 1937) was a Scottish novelist and playwright, best remembered today as the creator of Peter Pan. He was born and educated in Scotland but moved to London where he wrote a number of successful novels and plays. There he met the Llewelyn Davies boys, who inspired him to write about a baby boy who has magical adventures in Kensington Gardens, included in *The Little White Bird*, then to write *Peter Pan* or *The Boy Who Wouldn't Grow Up*, a fairy play about an ageless boy and an ordinary girl named Wendy who have adventures in the fantasy setting of Neverland. Although he continued to write successfully, *Peter Pan* overshadowed his other work and is credited with popularising the then uncommon name Wendy. Barrie unofficially adopted the Davies boys following the deaths of their parents. Barrie was made a baronet by George V on 14 June 1913 and a member of the Order of Merit in the 1922 New Year Honours. Before his death, he gave the rights to the Peter Pan works to Great Ormond Street Hospital for Children in London, which continues to benefit from them. James Matthew Barrie was born in Kirriemuir, Angus, to a conservative Calvinist family. His father, David Barrie, was a modestly successful weaver. His mother, Margaret Ogilvy, had assumed her deceased mother's household responsibilities at the age of eight. Barrie was the ninth child of ten, two of whom died before he was born, all of whom were schooled in at least the three Rs in preparation for possible professional careers. When he was 6 years old, Barrie's next older brother, David, his mother's favourite, died two days before his 14th birthday in an ice skating accident. This left his mother devastated, and Barrie tried to fill David's place in his mother's attentions, even wearing David's clothes and whistling in the manner that he did. One time Barrie entered her room and heard her say, "Is that you? I thought it was the dead boy she was speaking to," wrote Barrie in his biographical account of his mother, Margaret Ogilvy (1896), and I said in a little lonely voice, "No, it's not him, it's just me." Barrie's mother found comfort in the fact that her dead son would remain a boy forever, never to grow up and leave her. Eventually, Barrie and his mother entertained each other with stories of her brief childhood and books such as *Robinson Crusoe* works by fellow Scotsman Walter Scott and *The Pilgrim's Progress*. *A Window in Thrums - Scholar's Choice Edition*.
