All the sites in the book have been chosen with an eye toward several criteria including how accessible they are to the public how evocative experience a trip to them is likely to produce and the extent to which they actually appear to be haunted A great many in the various regions of Maryland have some connection to the Colonial era the War of 1812 or the Civil War all significant aspects of the state s haunted history Maryland is divided into six regions for purposes of this book Baltimore Central D C Metro Eastern Shore Southern and Western Geographically speaking Maryland is not a large state It is however among the oldest in the country and has a rich varied and turbulent history that has contributed to an exceptionally high number of haunted sites Because it is relatively compact Maryland is in many ways an ideal state for a haunted roadtrip especially in an era of historically high gasoline prices and many haunted sites within the same area can easily be reached on a single weekend long trip Indeed although my own home is currently in Northern Virginia on the southern side of the Potomac River from Maryland its furthest point from me is still somewhat less than 300 miles as opposed to nearly 500 for some of the most distant points in southwestern Virginia Note that this outline includes more listings than there will be room for in the book and that a number of these will either be cut reduced to sidebars within larger chapters or listed in the appendix of additional haunted sites As with Ghosthunting Virginia research revealed early on a striking number of sites reputed by various sources to be haunted With space in this volume for only a limited number of these the authors carefully attempted to identify a representative selection that both emphasized variety and a struck a balance between must include sites such as the graveyard where Edgar Allan Poe is buried and more obscure ones that do not appear in any other books

Oldest Ghosts Karen Harvey,2012-12-31 *Oldest Ghosts* tells of unexplained exploits by the spirits dwelling in St Augustine the oldest city of European origin in the United States Judge John Stickney watches from a tree limb above his cemetery monument A Colonial period ghost hangs laundry in a Spanish courtyard The ghost of Will Green who died in 1802 routinely enters the bodies of men drinking in a bar Some residents and visitors tolerate the playful spirits Others prefer not to acknowledge them Either way the ghosts abide      **The Spectral Tide** Eric Mills,2009-09-01 Now for the first time comes a long overdue book that presents all of the U S Navy s rich cargo of paranormal phenomena There is the great Stephen Decatur whose mournful apparition still stalks the halls of his famous home said to be one of the most haunted spots in Washington D C USS The Sullivans now a floating museum is the source of much disturbing spectral activity poltergeists opening locks hurling objects and turning on radar that s no longer under electrical power Then there are the repeated sightings of the handsome USS Lexington ghost polite kind smartly dressed in a summer white Navy uniform From translucent sails to phantom crews from a flaming ghost ship to the infamous psychic anomaly at the U S Naval Academy to
