Latest Digital Productivity:

The Industrial Dynamics of the New Digital Economy Jens Frøslev Christensen, Peter Maskell, 2003-01-01 this is a stimulating collection that advances thinking on the post bust digital economy in a measured and scholarly approach The book should be read by those interested in ICT industry dynamics and how a remarkable historical snapshot is starting to be understood Jonathan Sapsed Technovation I commend this book in the spirit of Keith Pavitt to all those who wish to understand to appreciate and to criticize the New Economy which now engulfs all our lives From the foreword by Christopher Freeman Science and Technology Policy Research SPRU University of Sussex UK and Maastricht University The Netherlands This book investigates the implications of digital technologies on the industrial and business dynamics of modern economies In depth studies analyse how deep rooted work practices of the Old Economy have been dramatically challenged when confronted with the entrepreneurial wave of the New Economy Digital Transformations of Traditional Work in the Nordic Countries Rolandsson, Bertil, Alasoini, Tuomo, Berglund, Tomas, Dølvik, Jon Erik, 2020-11-19 Available online <https://pub.norden.org/temanord2020/540> This report aim to go behind narratives of digitalization as a uniform force of disruption job destruction and revolutionary change at work and convey a nuanced picture of digitalization played out at ordinary Nordic workplaces in traditional sectors of work The report is explorative and the findings preliminary but the picture emerging is nevertheless sobering Findings show how digitalization in important sectors of Nordic labour markets are marked by gradual adaptation rather than paradigmatic disruptive change The connection between digital technologies and the organization of work emerges as a two way relationship where institutions and politics still matter Our empirical observations also suggest that the actors in the Nordic model of work are able to continue to influence this relationship in ways that appear to be compatible with the modus operandi of the model *Impact of Digital Transformation on the Development of New Business Models and Consumer Experience* Rodrigues, Maria Antónia, Proença, João F., 2022-03-11 In a highly competitive market digital transformation with internet of things artificial intelligence and other innovative technological trends are elements of differentiations and are important milestones in business development and consumer interaction particularly in services As a result there are several new business models anchored in these digital and technological environments and new experiences provided to services consumers and firms that need to be examined Impact of Digital Transformation on the Development of New Business Models and Consumer Experience provides relevant theoretical and empirical research findings and innovative and multifaceted perspectives on how digital transformation and other innovative technologies can drive new business models and create valued experiences for consumers and firms Covering topics such as business models consumer behavior and gamification this publication is ideal for industry professionals managers business owners practitioners researchers professors academicians and students *Managing Digital Transformation* Andreas Hinterhuber, Tiziano Vescovi, Francesca Checchinato, 2025-12-11 Digital transformation is

inevitable The eras of if and when are over and the urgent question of how to best lead manage and navigate this process is upon us Now in its second edition *Managing Digital Transformation* brings together scientifically grounded insights into the design and implementation of true digital strategies Acknowledging a plurality of strategic approaches the book highlights crucial differentiating factors in terms of business scale market environment and supplier relationships Case studies from around the world are introduced and explored including Adobe Domino s Pizza Deutsche Bahn L Or al and the Bulgari Group Key themes covered in the book include digital business models data analytics the role of the Chief Digital Officer and emerging technologies such as AI An expert led guide to digital strategy this book highlights how managers and leaders in organizations can successfully lead digital transformations
