The Chautauquan Theodore L. Flood, Frank Chapin Bray, 1891 **Free Communities of Color and the Revolutionary Caribbean** Robert D. Taber, Charlton W. Yingling, 2020-01-24 The tumult of the Age of Atlantic Revolutions provided new opportunities for free communities of color in the Caribbean yet the fact that much scholarship places an emphasis on a few remarkable individuals who pursued their freedom and respectability in a high profile manner can mask as much as it reveals Scholarship on these individuals focuses on themes of mobility and resilience and can overlook more subversive motives underrepresent individuals who remained in communities and elide efforts by some to benefit from racial hierarchies In these free communities displays of social cultural and symbolic capitals often reinforced systemic continuity and complicated revolutionary era tensions among the long free enslaved and recently freed This book contains seven fascinating studies which examine Haiti Caracas Cartagena Charleston Jamaica France the Netherlands Antilles and the Swedish Caribbean They explore how free communities of color deployed religion literature politics fashion the press history and the law in the Atlantic to defend their status and at times define themselves against more marginalized groups in a rapidly changing world This volume demonstrates that problems of belonging difference and hierarchy were central to the operation of Caribbean colonies Without recalibrating scholarship to focus on this we risk underappreciating how the varied motivations and ambitions of free people of color shaped the decline of empires and the formation of new states This book was originally published as a special issue of *Atlantic Studies* *On the Job* Luxmore Jameson, 2000-07-12 This is a shocking behind the scenes look at the New York City Police Department It is the story of one man s struggle to survive bigotry with the added burden of the Internal Affairs monkey on his back Read how this black cop was able to overcome the forces that were arrayed against him the powerful union vengeful bosses fellow police officers and even many of his own black comrades He battled these inside demons while still engaging the dangerous criminals of New York City **Suffering and the Vulnerable Rule**

of God Kathleen McManus, OP,2022-04-25 How is the reign of God revealed through the suffering experience of women and the marginalized That is the question Kathleen McManus seeks to answer She employs the Lukan image of the bent over woman standing up straight as the paradigm for all who are marginalized because of gender sexual orientation or race Her viewpoint arises from encounters with individuals and communities who suffer exclusion negation diminishment and violence in relation to a patriarchal church in a still patriarchal world Engaging Edward Schillebeeckx s method of negative contrast experience McManus explores what may be known in the space of encounter between the institutional church and these suffering others and draws out latent possibilities for mutual conversion and transformation She reflects on the meaning of Schillebeeckx s insight into the superior power of God s defenseless vulnerability in creation and on the cross and asks what it might mean for the church to embody the vulnerable rule of God in its own structures doctrines symbols and rituals
