The Relationship Handbook:

The Relationship Handbook George S. Pransky, Dr George Pransky Ph D, 2014-03 When couples go to a marriage counselor there are three possible outcomes 1 they get a fresh start 2 they stay together and cope with a tense or sour marriage or 3 they separate Every couple wants the first outcome They want to have a fresh start and be happy together If they can't get a fresh start they will jump to the third choice separation because they don't want the second They have already been coping and are tired of it Problems and adversity are not the crux of marital discord All couples face adversity but it doesn't cause problems for harmonious couples Couples with satisfying marriages don't cope with their lives and with each other They don't work on their marriages The strength of their marriages lies not in their ability to cope with their problems but in their ability to keep their bearings and to stay close This book shows couples how to do that

Why We Didn't Choose You, Vol. I - Reloaded William Hoston, 2016-03-17 The goal of the reloaded edition of Why We Didn't Choose You Vol I is the same as I intended in the first edition that hopefully it will help single engaged and married women better understand the complexities of relationships from a man's perspective The rapport between men and women is arguably the most complicated to explain If single women are reading this book chances are they want to gain more information about why they weren't chosen for marriage in a past relationship or why their current relationship is failing to lead to marriage The panel of men provide practical information for these women to increase their self awareness in relationships expand their ability to better understand men offer information on how to better handle conflict in relationships and further show them how to develop an appreciation for the fundamental differences between men and women If married women are reading this book it provides insight on how to keep the barriers of trust understanding compromise and lines of communication open to continue to experience happiness In this reloaded edition I have expanded the book with more advice suggestions and recommendations from men This book takes women on an emotional journey of six ordinary men with an extraordinary perspective on the interaction between men and women Readers get the opportunity to divulge into the minds of these men revealing their innermost thoughts and feelings What really makes this book such a great read is the ability of these men to explore such talked about relationship issues in a way that has never been discussed The candidness of the six men will make readers hate some love others but respect all This must read book will definitely lead to thought provoking conversations
