The Day Trippers:

The Daytripper's Guide to New York City Willa Speiser, 2003-03
I. Musu, 2012-12-06 It is universally recognised that Venice and its lagoon are of such value that they constitute an international public good that must be preserved for humanity as a whole But such an ambitious task requires a diversified sustainable set of economic activities mostly focused on the production of services and non material goods This complex issue is analyzed using different approaches with a discussion of the case of Venice as an example of some of the most relevant problems concerning the relation between the environment and development in the contemporary world the trade off between preserving an ecosystem and considering it as an economic resource the evolution of different urban growth scenarios and the preservation of a physical habitat the role of immaterial production in urban economic development the nature of tourism as a sustainable activity considered from both from the environmental and cultural angles the institutional aspect of governing a process of sustainable urban development Readership A unique resource for environmental and urban managers policy analysts students of sustainable development and anyone else interested in the social and economic implications of preserving one of the most loved and celebrated cities in the world
