*The Christian Countercult Movement* Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview

**The Godmaker Trilogy: Book I: Alpha & Omega; Book II: Everywhere & Nowhere; Book III: I Am** Robin Buckallew, 2018-08-15 Now in one volume the Godmaker Trilogy Rudy Sullivan must follow the Godmakers if he wishes to protect his own life and the lives of those he loves He has one ace in the hole the last play ever written by the old playwright who might be a suicide or might have been murdered He trails the two old men who claim they created all the gods as they take him from Italy to California to the North Pole finally ending in the panhandle of Nebraska where an odd monument and a sleepy town somehow figure in the secret of the universe The old man who claims to be Paul of Tarsus and travels in a creaky old plane with his friend John the Baptist has a knack for turning Rudy s life upside down and in the process conjuring up demons and danger Rudy finds it hard to believe in Paul but he finds it harder not to follow him What he learns and sees on his journey will lead him to question not just his sanity but his faith in God

*Mormon Studies* Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism s truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s
