Sherlock Holmes stories are generally considered milestones in the field of crime fiction. Doyle is also known for writing the fictional adventures of Professor Challenger and for propagating the mystery of the Mary Celeste. He was a prolific writer whose other works include fantasy and science fiction stories, plays, romances, poetry, non-fiction, and historical novels. Doyle is often referred to as Sir Arthur Conan Doyle or simply Conan Doyle, implying that Conan is part of a compound surname as opposed to his given middle name. His baptism entry in the register of St Mary's Cathedral, Edinburgh, gives Arthur Ignatius Conan as his given names and Doyle as his surname. It also names Michael Conan as his godfather. The cataloguers of the British Library and the Library of Congress treat Doyle alone as his surname. Steven Doyle, editor of the Baker Street Journal, wrote Conan was Arthur's middle name. Shortly after he graduated from high school, he began using Conan as a sort of surname. But technically, his last name is simply Doyle. When knighted, he was gazetted as Doyle, not under the compound Conan Doyle. Nevertheless, the actual use of a compound surname is demonstrated by the fact that Doyle's second wife was known as Jean Conan Doyle rather than Jean Doyle.

**The Return of Sherlock Holmes ( Illustrated )** Arthur Doyle, 2019-01-07. The Return of Sherlock Holmes ILLUSTRATED is a collection of 13 Sherlock Holmes stories originally published in 1903-1904 by Arthur Conan Doyle. This illustrated book contains summary pictures of every single chapter. This was the first Holmes collection since 1893 when Holmes had died in The Adventure of the Final Problem. Having published The Hound of the Baskervilles in 1901-1902, although setting it before Holmes' death, Doyle came under intense pressure to revive his famous character. This book's size is 5.25" medium handbook size with Matte Cover and normal paper, which makes it a premium series book to collect and keep in the bookshelf.

The Return of Sherlock Holmes Arthur Conan Doyle, Sir, 2015-02-23. It was in the spring of the year 1894 that all London was interested and the fashionable world dismayed by the murder of the Honourable Ronald Adair under most unusual and inexplicable circumstances. The public has already learned those particulars of the crime which came out in the police investigation, but a good deal was suppressed upon that occasion since the case for the prosecution was so overwhelmingly strong that it was not necessary to bring forward all the facts. Only now, at the end of nearly ten years, am I allowed to supply those missing links which make up the whole of that remarkable chain. The crime was of interest in itself, but that interest was as nothing to me compared to the inconceivable sequel which afforded me the greatest shock and surprise of any event in my adventurous life. Even now, after this long interval, I find myself thrilling as I think of it and feeling once more that sudden flood of joy, amazement, and incredulity which utterly submerged my mind. Let me say to that public which has shown some interest in those glimpses which I have occasionally given them of the thoughts and actions of a very remarkable man, that they are not to blame me if I have not shared my knowledge with them, for I should have considered it my first duty to do so, had I not been barred by a positive prohibition from his own lips, which was only withdrawn upon the third of last month.
