Does the Woman of My Dreams Exist? Phillip Parcheminer, 2022-11-02 Does the Woman of My Dreams exist? This is the question that I am asking the universe as I write my second book. I doubted the existence of the woman of my dreams when I started to write my second book. I doubted her existence because of how cruel the rest of the world could be to someone with social anxiety. I thought my years of being bullied were over before the writing of my second book. Then the bullying started all over again after I was somehow able to find the courage to let one of my angels know how I felt about her. This vilification led me into another pit of darkness. It had me believing it was wrong to love beautiful women. Yet my love for beautiful women was also the only thing to keep me alive.

Engendering Economics Zohreh Emami, Paulette I. Olson, 2003-08-29 By the 1950s the percentage of all economic doctorates awarded to women had dropped to a record low of less than five percent. By presenting interviews with the female economists who received PhDs between 1950 and 1975, this book provides a richer understanding of the sociology of the economics profession. Their post-war experiences as family members, students, and professionals illustrate the challenges that have been faced by women, including both white and African American women, in a white male dominated profession. Engaging and insightful, the impressive scope of philosophical perspectives, career paths, research interests, feminist inclinations, and observations about the economics profession and women's place within it will appeal to anyone interested in economics, sociology, and gender studies.

The Arrow of Pi Beta Phi, 1911 Father To Son Warren Murphy, James Mullaney, Richard Sapir, 2023-12-11 There's some nasty sibling rivalry in the family assassination business. For Remo Sinanju, his holiest tradition is cash up front. But as his long road to the rank of Reigning Master of the venerable house of assassins nears its end, the Time of Succession ritual begins. For the enforcement arm of CURE, this means making his way around the globe, killing the best assassins money can buy, and proving to kings and presidents alike that Sinanju is the primo strategic weapon around. For a reasonable fee, of course. But there is a storm cloud on the horizon of Chiun's retirement and Remo's promotion: a dark nemesis has been reborn from the fires of evil and has unleashed his plot for vengeance. He starts by looting Chiun's treasure-filled basement in Sinanju. But he won't stop until he has fulfilled a prophecy of doom that even Chiun may not be able to thwart: the death of the Destroyer. Breathlessly action-packed and boasting a winning combination of thrills, humour, and mysticism, the Destroyer is one of the bestselling series of all time.
