## **Thoth Tarot Deck:**

Understanding Aleister Crowley's Thoth Tarot Lon Milo Duquette,2003-11-01 Understanding Aleister Crowley's Thoth Tarot was his final opus the culmination of a lifetime of occult study and practice With artist Lady Frieda Harris he condensed the core of his teaching astrology Qabalah magick gematria and numerology and alchemy into the 78 cards of the tarot Although Crowley's own Book of Thoth provides insight into the cards it is a complicated dated book What has been missing and what Crowley authority Lon Milo Duquette has created is an introductory text for the deck In clear language Duquette provides everything you need to know about Crowley's fundamental principles to get the most out of using the Thoth deck Many use the deck simply because the artwork is so beautiful but there is so much more to it than that Duquette starts with the basic historical background of this extremely popular deck before delving into descriptions of each card in depth from both a purely tarot perspective and from an expanded magickal point of view Each card is described in detail regarding its straight tarot meaning which is then expanded upon with all the other attributions Crowley intended This unique guide will be of great interest to all tarot readers who use the Thoth Tarot especially those looking for correspondences with other occult systems to enhance their readings and will be treasured by students of Aleister Crowley's works

obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowley s legacy out of duty It was due to Crowley s belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth
