## Thoughts On Machiavelli:

Thoughts on Machiavelli Leo Strauss,1978 Leo Strauss argued that the most visible fact about Machiavelli s doctrine is also the most useful one Machiavelli seems to be a teacher of wickedness Strauss sought to incorporate this idea in his interpretation without permitting it to overwhelm or exhaust his exegesis of The Prince and the Discourses on the First Ten Books of Livy We are in sympathy he writes with the simple opinion about Machiavelli namely the wickedness of his teaching not only because it is wholesome but above all because a failure to take that opinion seriously prevents one from doing justice to what is truly admirable in Machiavelli the intrepidity of his thought the grandeur of his vision and the graceful subtlety of his speech This critique of the founder of modern political philosophy by this prominent twentieth century scholar is an essential text for students of both authors Leo Strauss Niccolo Machiavelli,1984 *Thoughts on Machiavelli* Author Leo Strauss,1969-03-01 Leo Strauss argued that the most visible fact about Machiavelli s doctrine is also the most useful one Machiavelli seems to be a teacher of wickedness Strauss sought to incorporate this idea in his interpretation without permitting it to overwhelm or exhaust his exegesis of The Prince and the Discourses on the First Ten Books of Livy We are in sympathy he writes with the simple opinion about Machiavelli namely the wickedness of his teaching not only because it is wholesome but above all because a failure to take that opinion seriously prevents one from doing justice to what is truly admirable in Machiavelli the intrepidity of his thought the grandeur of his vision and the graceful subtlety of his speech Strauss himself was sensitive to that subtlety of speech and responded to it in kind even as he labored to put the message it carried before the reader Thoughts on Machiavelli is not a Machiavellian book but it respects the genius of the Florentine author and pays him the respect of using his artfulness with grace and restraint This critique of the founder of modern political philosophy by this prominent twentieth century scholar is an essential text for students of both authors Thoughts on Machiavelli Leo Strauss,1978 Leo Strauss's Thoughts on Machiavelli Rita Bartl,2008 Studienarbeit aus dem Jahr 2002 im Fachbereich Politik Politische Theorie und Ideengeschichte Note 2 0 Universit t Augsburg Veranstaltung Machiavelli Il Principe und Discorsi 13 Quellen im Literaturverzeichnis Sprache Deutsch Abstract Die Aufgabe der vorliegenden Arbeit liegt darin die Person Leo Strauss n her zu beschreiben sowie dessen philosophische Schwerpunkte und Ansichten seine Thoughts on Machiavelli und die Reaktionen und Meinungen dritter Autoren auf dieses Werk **Leo Strauss's Teaching** Michael P. Machiavelli's Art of Politics Alejandro Barcenas, 2015-06-02 In Machiavelli's Art of Politics Alejandro Barcenas offers a reexamination of Niccol Machiavelli's political thought in order to propose a concise and historically accurate portrayal of his ideas and intellectual context This study provides a nuanced view of the complexities of Machiavelli's thought by analyzing his classical background taking into particular consideration the influence of Xenophon and his view of the ideal ruler as someone who creates the conditions for a flourishing human life In addition Barcenas explains why Machiavelli defends a republican political order that encourages citizens to live according to their own laws while serving a common good and revises his legacy through the writings of Leo Strauss Eric Voegelin and Maurizio Viroli

*Between Form and Event: Machiavelli's Theory of Political Freedom* M. Vatter, 2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli's legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality
