Three Rival Versions Moral Enquiry

Stephen Holmes

Three Rival Versions Moral Enquiry:

Three Rival Versions of Moral Enquiry Alasdair MacIntyre, 1990

Three Rival Versions of Moral Enquiry Alasdair MacIntyre, 1994-05-12 Alasdair MacIntyre whom Newsweek has called one of the foremost moral philosophers in the English speaking world here presents his 1988 Gifford Lectures as an expansion of his earlier work *Whose Justice Which Rationality*. He begins by considering the cultural and philosophical distance dividing Lord Gifford's late nineteenth century world from our own. The outlook of that earlier world MacIntyre claims was definitively articulated in the Ninth Edition of the *Encyclopaedia Britannica* which conceived of moral enquiry as both providing insight into and continuing the rational progress of mankind into ever greater enlightenment. MacIntyre compares that conception of moral enquiry to two rival conceptions also formulated in the late nineteenth century that of Nietzsche's *Zur Genealogie der Moral* and that expressed in the encyclical letter of Pope Leo XIII *Aeterni Patris*. The lectures focus on Aquinas's integration of Augustinian and Aristotelian modes of enquiry, the inability of the encyclopaedists' standpoint to withstand Thomistic or genealogical criticism and the problems confronting the contemporary post-Nietzschean genealogist. MacIntyre concludes by considering the implications for education in universities and colleges.

[The Anatomy of Antiliberalism](#) Stephen Holmes, 1993 Holmes challenges the philosophical arguments of the high communitarians and their intellectual forebears. By the time he is finished the opposing camp has no survivors, ancient or modern. Anybody who feels drawn to the high communitarian cause owes it to himself, though not to society, to read Mr Holmes's book; everybody else should read it for pleasure.

The Analysis of Virtue in Alasdair MacIntyre and His View of "The Enlightenment Project" Benjamin Okon MSP, 2016-04-15

MacIntyre is greatly discontented with the nature of contemporary morality which according to him has a form, i.e. what appears like morality but lacks essential content. He argues that the most common feature of contemporary ethical discourse is that much of it is used to express individual preferences which leads to disagreements among philosophers and eventually results in debates that are interminable in character. MacIntyre attributes the cause of this situation to the activities of the enlightenment philosophers of the 17th and 18th centuries who, in an attempt to find rational justification for morality, repudiated those essential elements that define the essence of morality and give it its contents. Such elements include historical narrative, tradition, teleology, and divine law. In MacIntyre's opinion, morality so constructed was destined for failure since it was not founded on the true nature of the human person. The obvious consequences of this failure were the birth of diverse post-enlightenment ethical theories and a substantial change in the conception of virtue. In order to remedy this deplorable condition of contemporary ethics, MacIntyre, along with other virtue ethicists, advocates a certain renaissance of ethical principles that are founded on the true nature of the human person, characterized by historical narrative, tradition, and teleology, all grounded on divine legislation. Morality thus reconstructed finds its fullest expression in the theory of human character traits, i.e. virtues. This is what has motivated MacIntyre's construction of virtue theory which has brought him into

confrontation with the enlightenment philosophers Our study and analysis of MacIntyre's theory of virtue reveals that his account of virtue is inadequate This inadequacy is what has motivated our own project of reconstructing MacIntyre's theory of virtue in view of offering an account of virtue that is adequate In this way our own project complements that of MacIntyre

Tradition in the Ethics of Alasdair MacIntyre Christopher Stephen Lutz, 2009-01-01 Tradition in the Ethics of Alasdair MacIntyre presents a stimulating intellectual history and expertly reasoned defense of this towering figure in contemporary American philosophy Drawing on interviews and published works Christopher Lutz traces MacIntyre's philosophical development and refutes the criticisms of the major thinkers including Martha Nussbaum and Thomas Nagel who have most vocally attacked him Permanently shifting the debate on MacIntyre's oeuvre Lutz convincingly demonstrates how MacIntyre's neo-Aristotelian ethical thought provides an essential corrective to the contemporary discussions of relativism and ideology while successfully drawing on the objectivity of Thomistic natural law

A. J. Appasamy and his Reading of Rāmānuja
Brian Philip Dunn, 2016-12-01 In this work Brian Philip Dunn focuses on the embodiment theology of the South Indian theologian A J Appasamy 1891-1975 Appasamy developed what he called a bhakti devotional approach to Christian theology bringing his own primary text the Gospel of John into comparative interaction with the writings of the Hindu philosopher and theologian R m nuja Dunn's exposition here is of Appasamy's distinctive adaptation of R m nuja's Body of God analogy and its application to a bhakti reading of John's Gospel He argues throughout for the need to locate and understand theological language as embedded and embodied within the narrative and praxis of tradition and for Appasamy and R m nuja in their respective Anglican and rivai-ava settings Responding to Appasamy Dunn proposes that the primary Johannine referent for divine embodiment is the temple and considers recent scholarship on Johannine temple Christology in light of rivai-ava conceptions of the temple and the temple deity He then offers a constructive reading of the text as a temple procession a heuristic device that can be newly considered in both comparative and devotional contexts today

The Augustine Way
Joshua D. Chatraw, Mark D. Allen, 2023-05-30 What can we learn from Augustine about apologetics This book shows how Augustine defended the faith in late antiquity and how his approach to engaging the culture has great significance for the apologetic task today Joshua Chatraw and Mark Allen coauthors of the award-winning Apologetics at the Cross an Outreach magazine and Gospel Coalition Resource of the Year recover Augustine's mature apologetic voice to address the challenges facing today's church The Augustine Way offers a compelling argument for Christian witness that is rooted in tradition and engaged with contemporary culture It focuses on Augustine's best known works Confessions and The City of God to retrieve his scriptural and ecclesial approach for a holistic apologetic witness This book will be useful for students as well as for pastors church leaders and practitioners of Christian apologetics It puts pastors and churches back at the center of apologetics transcending popular contemporary methods with a view to a more effective witness in post-Christendom

The Continuum Encyclopedia of British Philosophy: K-Q A. C. Grayling, Andrew Pyle, Naomi Goulder, 2006 After

the Market Malcolm Brown, 2004 The market economy is dominant in people's lives today and undermines much Christian comment and church practice This book critiques much of the churches recent work on economic issues and proposes a renewed theological seriousness for mission in the economy The Irish Review ,2001 **Pro Ecclesia** ,1999 **Medical Humanities Review** ,1991 *Skepticism, Belief, and the Modern* Aryeh Botwinick, 1997 Drawing upon diverse disciplines political theory metaphysics analytic philosophy intellectual history and Jewish studies Aryeh Botwinick calls into question cherished boundaries of western thought specifically those that isolate religion In developing his argument he applies deconstructionist approaches to such classic texts as Plato's REPUBLIC Maimonides GUIDE OF THE PERPLEXED and Hobbes's LEVIATHAN **Freedom, Virtue, and the Common Good** Anthony O. Simon, 1995 Inspired by the recovery of natural law and virtue ethics in recent ethical discourse certain members of the American Maritain Association have written essays to stimulate this recovery further Their efforts are assembled in this volume Freedom Virtue and the Common Good Writing under the influence of Jacques Maritain and Yves R Simon they herein examine the requirements of a satisfactory natural law and virtue ethics broadly understood as a moral philosophy giving primacy to character formation and to the development of individual and social habits necessary to perfect human life The ethics herein envisioned is one that must first be grounded in a sound philosophy of the human person **Cloning, Selection, and Values** Matti Häyry, 2007

Virtues of the Will Bonnie Dorrick Kent, 1995 In *Virtues of the Will* Bonnie Kent traces late thirteenth century debates about the freedom of the will moral weakness and other issues that helped change the course of Western ethics She argues that one cannot understand the controversies of the period or see Duns Scotus in perspective without paying due attention to his immediate predecessors the influential secular master Henry of Ghent Walter of Bruges William de la Mare Peter Olivi and other Franciscans Seemingly radical doctrines in Scotus often turn out to be moderate in comparison to other near contemporary views and striking Scotistic innovations often turn out to be something approaching commonplaces of Franciscan thought This study presents the controversies of the period less as a reaction by theologians against philosophy than as genuine philosophical debates about problems raised by Aristotle's thought And it presents Scotus's teachings less as a break with tradition than as a reasonably natural response to issues debated by his predecessors The overall aim is to recover part of a late thirteenth century dialogue about the will and morality By explaining in a clear accessible style the sometimes complex issues debated during this period *Virtues of the Will* helps readers understand not only the historical and doctrinal context but also the more enduring philosophical problems posed by Aristotle's teachings **Auslegung** ,1992

The Review of Metaphysics ,1990 **International Philosophical Quarterly** ,1993 *Jürgen Habermas: Law and politics (continued)*. *Ethics* David M. Rasmussen, James Swindal, 2002

Adopting the Melody of Appearance: An Psychological Symphony within **Three Rival Versions Moral Enquiry**

In some sort of eaten by monitors and the ceaseless chatter of fast transmission, the melodic splendor and emotional symphony developed by the written word often disappear into the background, eclipsed by the constant noise and interruptions that permeate our lives. But, nestled within the pages of **Three Rival Versions Moral Enquiry** a wonderful literary value filled with organic emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, this charming masterpiece conducts visitors on a mental trip, skillfully unraveling the concealed tunes and profound influence resonating within each carefully constructed phrase. Within the depths with this touching assessment, we shall discover the book is main harmonies, analyze its enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
