## **Threering Psychus:**

*High* John Shirley, 2014-01-23 The kind of originality that conventional science fiction is reluctant to welcome a visionary adventure In the near future the human race is facing an intolerable population crisis and impending global conflict Devastating war and vast destruction seem inevitable Then the Great High comes a partial cancellation of gravity destroying cities killing countless people but the survivors possess strange new telekinetic powers The old rules are meaningless anarchy and violence arise but rationality and cooperation also persist But with all the old prejudices surviving humans still turn to military force as the answer to their problems Can humanity learn to adapt and survive **Her Hunger** John Shirley, 2014-01-23 Desire can take any form can become any fantasy but it must be fed with life When a strange woman appears in a small coastal California town death follows Only Corey in love with the beautiful intelligent quiet Angela who seems unable to love the boy who so adores her begins to see what is happening But no one not even Corey can possibly believe what he suspects and the bizarre murders continue *New Taboos* John Shirley, 2013-07-01 Mixing outlaw humor SF adventure and cutting social criticism Shirley draws upon his entire arsenal of narrative and commentary The title essay *New Taboos* is his prescription for a radical revisioning of America A new novella *A State of Imprisonment* is a horrifying and grimly hilarious look at the privatization of the prison industry *Why We Need Forty Years of Hell* Shirley's 2011 TEDx address presents his proudly contrarian view of the near future Also featured is our *Outspoken Interview* showcasing the author's transgressive sensibility deep humanity and mordant wit **Science Fact and Science Fiction** Brian
