*Through America, Or, Nine Months in the United States* W G Marshall, 2023-07-18 This book offers a vivid account of Marshall's travels through the United States in the late 19th century from New York City to San Francisco and everywhere in between. Along the way he encounters a wide range of people and experiences from wealthy industrialists and corrupt politicians to struggling farmers and hardworking immigrants. With its detailed descriptions of American life and culture, this book provides a valuable perspective on a crucial period in our nation's history. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. **Through America** Walter Gore Marshall, 2017-09-16 Excerpt from *Through America Or Nine Months in the United States*. AS the ground which is covered in the following pages has been often described before, I feel that some apology is due from me for submitting to the public a book of travel which will take the reader through scenes with the general aspects of which he is probably already sufficiently familiar. But America, with its vast natural resources and with a population at once ingenious and enterprising, is necessarily in a continual state of development and change. For the traveller, therefore, who visits even the beaten tracks of such a country, there will always be plenty of fresh material to collect and abundant opportunity for the enunciation of new views of old subjects, and I venture to hope that in the endeavour to present a truthful account of actual experiences of travel in the United States, I may perhaps have gathered a few facts which will prove to be something more than mere personal reminiscences and be interesting and valuable to the public at large.
