Utopian Studies, 1991 **Utopian Studies II** Michael S. Cummings, Nicholas D. Smith, 1989 *Microdystopias* Asbjørn Skarsvåg Grønstad, Lene M. Johannessen, 2022-11-18 This edited collection examines the effects that macrosystems have on the figuration of our everyday of microdystopias and argues that microdystopic narratives are part of a genre that has emerged in contrast to classic dystopic manifestations of world shattering events From different methodological and theoretical positions in fieldworks ranging from literary works and young adult series to concrete places and games the contributors in *Microdystopias* Aesthetics and Ideologies in a Broken Moment sound the depths of an existential sense of shrinking horizons spatially temporally emotionally and politically The everyday encroachment on our sense of spatial orientation that gradually and discreetly diminishes the horizons of possibilities is demonstrated by examining what the forms of the microdystopic look like when they are aesthetically configured Contributors analyze the aesthetics that play a particularly central and complex role in mediating as well as disrupting the parameters of dystopian emergences and emergencies reflecting an increasingly uneasy relationship between the fictional the cautionary and the real Scholars of media studies sociology and philosophy will find this book of particular interest [Beyond Political Correctness](#) Michael S. Cummings, 2001 The reason that the right dominates debates on crime family values and economic freedom while the left defends diversionary policies such as affirmative actions and equivocates on ecology and the political empowerment of the young argues Cummings political science U of Colorado is that too many progressives have avoided politically sensitive issues thus condemning themselves to intellectual atrophy and political ineffectiveness c Book News Inc **Trans/Forming Utopia - Volume II** Elizabeth Russell, 2009 Is the utopian project dead Is it possible to imagine a utopian society or a utopian world in the aftermath of the collapse of ideologies This book contains eighteen essays which are the result of the 7th International Conference of Utopian Studies held in Spain in 2006 either debating the subject or suggesting alternative readings to some of the theoretical ideas raised within utopian studies This volume focuses on the importance of narratives in utopian literature They define the world we live in and the world we wish to live in Through narratives of confession and indeed through silence itself the unconscious emerges and desire is articulated The articles in this volume question and challenge the power of the word the stability of meaning and the relationship between thought and action in the construction of utopia and dystopia They also point to the various literary frameworks of utopian and dystopian narratives thus connecting stories from the past present and future of both real and imaginary and communities **Utopianism in the Middle East and North Africa** Thomas Pierret, Simon Wolfgang Fuchs, 2025-03-31 This is the first systematic exploration of the diversity of utopian thought and practice in the modern Middle East and North Africa Beyond intellectual debates utopianism has infused the many ideologies that have shaped contentious politics and governance in the region from state formation to revolutionary transformations conflicts and the recent authoritarian resurgence Drawing on case studies from Egypt Turkey

Iran Syria Tunisia and Saudi Arabia contributors address a broad array of utopian visions pertaining to political ideologies such as liberalism secularism Islamic revivalism and socialism but also to fields of expertise and technologies such as urbanism the atom and artificial intelligence Likewise they acknowledge the diversity of players that partake in the production of utopias including writers ideologues activists statesmen experts artists and social media users Moreover authors consider both imaginaries promoted by challengers to the incumbents and visions that serve the consolidation of authoritarianism

Marx, Marxism and Utopia Darren Webb, 2019-07-30 This title was first published in 2000 This engaging book suggests that Marx was right to reject utopian socialism on the grounds that it undermined the principles of proletarian self emancipation and self determination As a theoretician of the proletarian class Marx sought to capture the spirit of revolution in a manner which precluded the need for utopian philanthropy and the messianic elitism which invariably accompanied it In a powerful and original central argument the book suggests that the categories which together define Marx's own utopia were nothing more than theoretical by products of the models employed by Marx in order to supersede the need for utopianism As such Marx was an accidental utopian Rather than legitimating utopianism however the author argues that this conclusion reinforces the need to develop Marx's anti utopian project further Emphasising the contemporary relevance of Marx's original critique the conclusion suggests that the future of socialism lies in its ability to harness not the spirit of utopia but the spirit of adventure

Dystopian Fiction East and West Erika Gottlieb, 2001-07-04 Gottlieb juxtaposes the Western dystopian genre with Eastern and Central European versions introducing a selection of works from Russia Poland Hungary and Czechoslovakia She demonstrates that authors who write about and under totalitarian dictatorship find the worst of all possible worlds not in a hypothetical future but in the historical reality of the writer's present or recent past Against such a background the writer assumes the role of witness protesting against a nightmare world that is but should not be She introduces the works of Victor Serge Vassily Grossman Alexander Zinoviev Tibor Dery Arthur Koestler Vaclav Havel and Istvan Klima as well as a host of others all well known in their own countries presenting them within a framework established through an original and comprehensive exploration of the patterns underlying the more familiar Western works of dystopian fiction
