Uwe Johnson:

Anniversaries Uwe Johnson, 2018-10-16 A landmark of 20th Century literature about New York in the late 1960s now in English for the first time Late in 1967 Uwe Johnson set out to write a book that would take the unusual form of a chapter for every day of the ongoing year It would be the tale of Gesine Cresspahl a thirty four year old single mother who is a German migr to Manhattan s Upper West Side and of her ten year old daughter Marie a story of work and school of friends and lovers and the countless small encounters with neighbors and strangers that make up big city life An everyday tale but also a tale of the events of the day as gleaned by Gesine from The New York Times Johnson could hardly foresee the convulsions of 1968 but some of the news the racial unrest roiling America the escalating war in Vietnam was sure to be news for some time yet to come Finally it would be a tale told by Gesine to Marie about Gesine s childhood in a small north German town of her independent and enterprising father of her troubled mother of Nazi Germany Gesine was born the year Hitler came to power and World War II and Soviet retribution and the grimly regulated realities of Communist East Germany An ambitious historical novel as well as a wonderfully observed New York novel Anniversaries would take in the unsettled world of the present along with the twentieth century s disastrous past while vividly depicting the struggle of a loving though hardly uncomplicated mother and a bright indomitably curious girl to understand and care for each other and to shape a human world Gesine and Marie are among the most memorable and engaging characters in literature and Anniversaries at once monumental and intimate sweeping and full of incident stylistically adventurous and endlessly absorbing is quite simply one of the great books of our time *German History and German Identity* D.G. Bond, 2023-12-18 Uwe Johnson s major novel *Jahrestage* is recognized as one of the most important and ambitious works of post war German literature The core to this novel is remembrance and *Jahrestage* is a stunning requiem for the victims of twentieth century German history D G Bond concentrates on the text analysing the novel and the calendar form of this work and paying particular attention to the ways in which even the minutest details of Johnson s narrative reveal its historical themes The author discusses Johnson s poetics offers readings of his other major works and considers the most recent trends in Johnson reception He shows how an uncompromising view of German identity after the crimes of the Third Reich constitutes the very heart of Johnson s work

The Ethics of Narration Colin Riordan, 1989 **Speculations about Jakob: Uwe Johnson** Alexander Stephan, 2000-05-01 A collection of the work of Uwe Johnson It includes *Speculations about Jakob* a Faulknerian novel selections from *Anniversaries* *From the Life of Gesine Cresspahl* *Anniversaries II* *From the Life of Gesine Cresspahl* and the writer s essay on the *Anniversaries* [The novels of Uwe Johnson](#) Sharon Edwards Jackiw, 1978 [An Absence](#) Uwe Johnson, 1969 **Riverside Drive Revisited** ,2018 *Ich und Er* Paul F. Botheroyd, 2019-05-20 No detailed description available for *Ich und Er* **Narrative as Counter-Memory** Reiko Tachibana, 1998-07-30 CHOICE 1999 Outstanding Academic Books The wartime and postwar cultural histories of Germany and Japan show similar experiences of defeat

occupation and then the reconstruction of powerful societies Little previous research has examined the literary works that reflect these contacts and parallelisms For the first time this book offers an extensive comparative study of German and Japanese narratives that serve as a form of counter memory in Foucault s phrase for the two cultures Rather than attempting to present objective or comprehensive views of history these narratives draw upon personal memories to offer subjective selective and individualistic reports They provide an alternative or counter memory to more official versions of World War II and its aftermath Major writers such as Mishima Yukio Ibuse Masuji Oba Minako Gunter Grass Uwe Johnson Christa Wolf and the Nobel Prize winners Oe Kenzaburo and Heinrich Boll are set in the context of lesser known writers including a nine year old child a medical doctor a woman who served as a journalist and a former prisoner to provide a broad cultural basis for understanding responses to the war from within the two societies This book combines a broad historical scope with detailed examinations of important individual texts with both aspects securely set on a firm foundation of historical and literary scholarship The rhythm of alternation between synthetic generalizations and close textual explication yielding interpretive insights while providing lucid and economical exposition and summary allows for carefully balanced and integrated comparisons

Internationales Uwe-Johnson-Forum ,1996 Beitr ge zum Werkverst ndnis und Materialien zum Rezeptionsgeschichte *Local/Global Narratives* ,2016-08-09 Over the past decade and a half Germany has experienced a period of political and cultural turbulence which many have attributed to the combined challenges of unification and globalisation In response to growing exposure to global markets politics and migration debates about identity have increasingly been renationalised At the same time there has been a notable reappraisal in Germany and in German Studies of the regional and global as spaces for the construction of identity This volume sets out to explore these complex and at times contradictory trends focusing in particular on developments in

Germany since the 1970s although chapters treating earlier periods are also included The volume brings together British Irish German Canadian and American scholars working in the field and resulted from a conference organised by Women in German Studies at the University of Bath The first section is primarily concerned with the specifically German concept of locality known as Heimat and its changing relationship with the global Included are explorations of the writings of Kafka Bachmann Johnson Sell Wolf Brinkmann and Jelinek amongst others as well as films by Schlöndorff and Steyerl The second section focuses on the impact of the global on institutions and rituals such as commemoration memorialisation and architecture which have traditionally been influential in shaping national self images Overall this volume concludes that the nature of the relationship to the local has fundamentally changed under the impact of globalisation

Encyclopedia of German Literature Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings

German Writers and the Politics of Culture Paul Cooke, Andrew Plowman, 2003-12-09 Before the fall of the Berlin Wall many East German writers were praised in the Western world as dissident voices of truth bravely struggling with the draconian constraints of living under the GDR's communist regime However since unification Germany has been rocked by scandals showing the level to which the Stasi the East German Secret Police controlled these same writers This is the first study in English to systematically explore how the writers have responded to the challenge of dealing with the Stasi from the 1950s to the present day
