Value Ray Lepley, 1946 **Value: a Cooperative Inquiry. Edited by R. Lepley** Ray LEPLEY, 1949 *Value a Cooperative Inquiry Edited by Ray Lepley*, 1949 **John Dewey and Environmental Philosophy** Hugh P. McDonald, 2012-02-01 Hugh P McDonald's *John Dewey and Environmental Philosophy* breaks new ground by applying Dewey's insights to a new approach to philosophy of the environment the concern for the rights of animals the preservation of rare species habitats and landscapes and the health of the whole ecology The book summarizes much of the current literature on environmental ethics concentrating on the writings of major figures in the movement Tom Regan J Baird Callicott Holmes Rolston and Bryan Norton The heart of the book consists of a detailed analysis of Dewey's ethics his theory of intrinsic value and his holistic approach to moral justification Arguing against the idea that Dewey's philosophy is anthropocentric McDonald makes a strong case that using Dewey's philosophy will result in a superior framework for environmental ethics

Islamic Values and Management Practices Maqbouleh M. Hammoudeh, 2016-05-06 The author of this thought provoking addition to Gower's Transformation and Innovation Series has worked as a management consultant in the Arab Middle East for 25 years In *Islamic Values and Management Practices* she acknowledges that businesses and other organizations in the region face urgent concerns in relation to quality and transformation but argues that these issues might be more appropriately addressed by the application of an Islamic Management Model rather than the Western one hitherto applied Over time a set of management systems based on Islamic values has been developed by the author These systems recognise the need to build human organizations socially and politically as well as commercially and also the recognition that for Muslims justice is the ultimate value bringing balance between the individual's soul and spirit on the one hand and the organization's soul and spirit on the other This Islamic management model stresses that effectiveness is an outcome of operating efficiently and at the same time unifying the organization's objectives with those of its employees and wider society and ensuring that at the strategic level the long view is always maintained Recounting her own personal and business journey Maqbouleh Hammoudeh presents the outcomes of research that has tested the application of the Islamic Management Model and its ability to deliver the desired quality and transformation outcomes in a major civic or profit making organization At a time when many practitioners and business educators are seeking new management approaches this revealing case study sheds light on the evolution of a contemporary theory of management for the Muslim World
