**Vampire Films Around the World** James Aubrey, 2020-10-23 Vampires are arguably the most popular and most paradoxical of gothic monsters life draining yet passionate feared yet fascinating dead yet immortal Vampire content produces exquisitely suspenseful stories that combined with motion picture filmmaking reveal much about the cultures that enable vampire film production and the audiences they attract This collection of essays is generously illustrated and ranges across sixteen cultures on five continents including the films Let the Right One In What We Do in the Shadows Cronos and We Are the Night among many others Distinctly different kinds of European vampires have originated in Ireland Germany Sweden and Serbia North American vampires are represented by films from Mexico Canada and the USA Middle Eastern locations include Tangier Morocco and a fictional city in Iran South Asia has produced Bollywood vampire films and east Asian vampires are represented by films from Korea China and Japan Some of the most recent vampire movies have come from Australia and New Zealand These essays also look at vampire films through lenses of gender post colonialism camp and otherness as well as the evolution of the vampiric character in cinema worldwide together constituting a mosaic of the cinematic undead

**Vampires in the Movies** Adam Woog, 2011 Vampire movies have a long and rich history from what was probably the first one in 1896 through the classics of the early twentieth century Nosferatu Bela Lugosi s version of Dracula and on to the present day mania for Twilight and other modern takes In between there have been hundreds of versions and variations including American Sign Language vampires comedies space vampires and much more This book explores the lore of vampire films why they remain perennially

popular with audiences and themes that run through the history of these cinematic bloodsuckers **Vampires, Race, and Transnational Hollywoods** Dale Hudson, 2017-05-18 The figure of the vampire serves as both object and mode of analysis for more than a century of Hollywood filmmaking Never dying shifting shape and moving at unnatural speed as the vampire renews itself by drinking victims blood so too does Hollywood renew itself by consuming foreign styles and talent moving to overseas locations and proliferating in new guises In *Vampires Race and Transnational Hollywoods* Dale Hudson explores the movement of transnational Hollywood's vampires between low budget quickies and high budget franchises as it appropriates visual styles from German Mexican and Hong Kong cinemas and off shores to Canada Philippines and South Africa As the vampire's popularity has swelled vampire film and television has engaged with changing discourses around race and identity not always addressed in realist modes Here teen vampires comfort misunderstood youth chador wearing skateboarder vampires promote transnational feminism African American and Mexican American vampires recover their repressed histories Looking at contemporary hits like *True Blood* *Twilight* *Underworld* and *The Strain* classics such as *Universal's Dracula* and *Dracula* and miscegenation melodramas like *The Cheat* and *The Sheik* the book reconfigures Hollywood historiography and tradition as fundamentally transnational offering fresh interpretations of vampire media as trans genre sites for political contestation **Cinematic Vampires** John L. Flynn, 1992 This reference examines 372 vampire films from 1896 to 1992 Each entry gives the year of release production credits actors and a synopsis of the film and its importance to the genre Also included are alternate titles and the original titles of non English films With 93 b w photographs Annotat **The Changing Vampire of Film and Television** Tim Kane, 2006-10-19 Vampires have been a fixture of film since Bela Lugosi brought Bram Stoker's *Dracula* to life on the big screen in 1931 Over the decades the genre has been far from static as vampire narratives changed and evolved with the appetites of their viewing public First depicted as formally dressed villains vampires would later be portrayed as supernatural beings with some human characteristics and still later as sympathetic figures Focusing on 19 representative films and television productions this critical study tracks the evolutionary changes of the screen vampire It explores the factors that cause a genre to change and examines the alternating cycles of audience expectation The author identifies three distinct modes of depiction the Malignant Cycle 1931 1948 comprised primarily of the Universal films the Erotic Cycle 1957 1985 which encompasses Hammer films and popular television shows such as *Dark Shadows* and the Sympathetic Cycle 1987 present including recent offerings such as *The Lost Boys* *Interview with the Vampire* and *Buffy the Vampire Slayer* Each film is evaluated in seven key areas including the act of the vampire biting the victim process of the victim's infection physical appearance and demeanor of the vampire and the vampire expert and the eventual destruction of the vampire Appendices include a complete filmography of the films examined Instructors considering this book for use in a course may request an examination copy here [Cinema Today](#) Edward Buscombe, 2003-10 *Cinema Today's* a survey of world cinema and the films that have dominated our screens over the last 30

**Celluloid Vampires** Stacey Abbott,2007-12-15 In 1896 French magician and filmmaker George M li s brought forth the first celluloid vampire in his film *Le manoir du diable* The vampire continues to be one of film s most popular gothic monsters and in fact today more people become acquainted with the vampire through film than through literature such as Bram Stoker s classic *Dracula* How has this long legacy of celluloid vampires affected our understanding of vampire mythology And how has the vampire morphed from its folkloric and literary origins In this entertaining and absorbing work Stacey Abbott challenges the conventional interpretation of vampire mythology and argues that the medium of film has completely reinvented the vampire archetype Rather than representing the primitive and folkloric the vampire has come to embody the very experience of modernity No longer in a cape and coffin today s vampire resides in major cities listens to punk music embraces technology and adapts to any situation Sometimes she s even female With case studies of vampire classics such as *Nosferatu* *Martin Blade* and *Habit* the author traces the evolution of the American vampire film arguing that vampires are more than just blood drinking monsters they reflect the cultural and social climate of the societies that produce them especially during times of intense change and modernization Abbott also explores how independent filmmaking techniques special effects makeup and the stunning and ultramodern computer generated effects of recent films have affected the representation of the vampire in film

**Vampires in Film and Television** Jennifer Bringle,2011-01-15 Traces the history of vampires in movies and television

**Dracula's Daughters** Douglas Brode,Leah Deyneka,2013-12-24 Almost as long as cinema has existed vampires have appeared on screen Symbolizing an unholy union between sex and death the vampire male or female has represented the libido a repressed force that consumed its victims Early iconic representations of male vampires were seen in *Nosferatu* 1922 and *Dracula* 1931 but not until *Dracula s Daughter* in 1936 did a female sex vampire assume the lead Other female vampires followed perhaps most provocatively in the Hammer films of the 1950s 60s and 70s Later incarnations in such films as *Near Dark* 1987 and *From Dusk till Dawn* 1996 offered modern takes on this now iconic figure In *Dracula s Daughters The Female Vampire on Film* Douglas Brode and Leah Deyneka have assembled a varied collection of essays that explore this cinematic type that simultaneously frightens and seduces viewers These essays address a number of issues raised by the female vampire film such as violence perpetrated on and by women reactions to the genre from feminists antifeminists and postfeminists the implications of female vampire films for audiences both gay and straight and how films reflected the period during which they were created Other topics include female vampire films in relationship to vampire fiction particularly by women such as Anne Rice the relationship of the vampire myth to sexually transmitted

diseases like AIDS issues of race and misogyny and the unique phenomenon of teen vampires in young adult books and films such as *Twilight* Featuring more than thirty photos spanning several decades this collection offers a compelling assessment of an archetypal figure an enduring representation of dark desires that continues to captivate audiences This book will appeal not only to scholars and students but also to any lover of transgressive cinema **Korean Cinema** ,2006

*Fascination* David Hinds,2016-02-08 May 1968 Paris is awash with violence and public unrest In a small cinema where a surreal film is showing another riot is taking place Here the enraged audience smashes up the auditorium tear out the seats and chase the film s director onto the street This is the premiere of Jean Rollin s feature debut *The Rape of the Vampire* An outsider of French cinema Rollin s films are unique and dreamlike They offer tales of mystery and nostalgia obsolescence and seductive female vampires with a thirst for blood and sex It is a cinema at once strange evocative and deeply personal Funding his own projects Rollin defiantly made the films he wanted to make and in so doing created a fantastique genre unlike any other *The Nude Vampire* *The Living Dead Girl* and *The Grapes of Death* are among those films now celebrated as the work of an auteur one who confounds preconceived notions of Eurotrash cinema This book is devoted to the director and all his work across all genres including a nascent French hardcore pornographic film industry Written with full co operation from Jean Rollin shortly before his death in 2010 it contains exclusive interviews and archive material
