distinguished scientists some of whose books are so profound as to be outside the range of general readers They have forgotten that youthful students have to walk before they attempt to run This accomplishment in the paths of early history the author of this little book has endeavoured to teach through the medium of others profundity **Jaredites: the Missing Civilization X** Jim Hendleman,2013-05-20 This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2 500 years The Jaredite civilization spanned a possible 2 530 years and its known achievements have far exceeded those of modern mans in many regards In c 2800 BC the Jaredites built a pair of concrete superhighways over 2 700 miles complete with paved exits and a secondary road network nearly the entire length of the South American continent Their civilization could answer the riddles of the Sphinx the questions of who built the pyramids and why the mystery and likely origin of UFOs prove whether or not George Lucas had the only ET detail what Noah brought aboard the ark besides three sons and their families and provide an answer to the question posed to Dr J Robert Oppenheimer by a student as to whether Alamogordos nuclear bomb in July 1945 was the first ever atomic bomb explosion in history Many other possible but likely Jaredite achievements are incredibly fascinating and await only an honest archaeological effort to prove them The historical facts exist they are real and three dimensional but to date standard classical science has relegated them to the dustbin of historys forgotten basement closet Satan has made a tremendous effort since mankinds beginning to keep man blinded to the historical facts of our heritage causing the deliberate destruction of millions of artifacts scrolls books and whole libraries throughout the world to do so This book is but a small effort to expose and make known a portion of mankinds previously hidden but rightful heritage *World Prehistory* Brian M. Whether it is Plato's lost city of Atlantis a technological advanced utopia that sank into the ocean in a single day and night of misfortune the colony of Roanoke whose early American settlers were swallowed up in the wild forest lands of the unexplored continent or the Ancient American Explorers who managed to arrive to the New World 2 000 years before Columbus the disappearance of these societies is as cryptic as it is implausible This book will look at cultures of the 10 greatest lost civilizations in history Some were millenia ahead their neighbors such as the Indus Valley Civilization which had better city planning in 3 000 B C than any European capital in the 18th century Others left behind baffling mysteries such as the Ancient Pueblo Peoples formerly known as the Anasazi whose cliff dwelling houses were so inaccessible that every member of society would have to be an expert level rock climber It will also at explanations as to how massive societies that lasted for centuries can disappear without a trace Did the builders of the pyramids handy craftsmen whose method of transporting massive stones are still unexplainable simply disappear or were they part of an advanced alien race as conspiracy theorists assert Was the Kingdom of Aksum really the keeper of the Ark of the Covenant and did this lead to their downfall **Occasional**
