

How precious are thy thoughts
unto me O God
how great is the sum of them

There were not found Women fair as the Daughters of Job
in all the Land & their Father gave them Inheritance
among their Brethren

If I ascend up into Heaven thou art there
If I make my bed in Hell behold Thou
art there

William Blakes Engravings:

William Blake and the Art of Engraving Mei-Ying Sung,2015-10-06 Sung closely examines William Blake s extant engraved copper plates and arrives at a new interpretation of his working process Sung suggests that Blake revised and corrected his work more than was previously thought This belies the Romantic ideal that the acts of conception and execution are simultaneous in the creative process [William Blake](#) Carolyn Keay,1975 **The Drawings and Engravings of William Blake (Fully Illustrated)** William Blake,2013-08-20 This carefully crafted ebook The Drawings and Engravings of William Blake Fully Illustrated collects the some of the best of William Blake s unique and evocative artwork William Blake 1757 1827 was an English poet painter engraver one of the earliest and greatest figures of Romanticism His work was filled with religious visions rather than with subjects from everyday life Blake s fame as an artist and engraver rests largely on a set of 21 copperplate etchings to illustrate the Book of Job in the Old Testament However he did much work for which other artists and engravers got the credit Blake was a poor businessman and he preferred to work on subjects of his own choice rather than on those that publishers assigned him Blake is acclaimed one of England s great figures of art and literature and one of the most inspired and original painters of his time **William Blake's Engravings** William Blake,196?

all stamped with his unique vision This beautiful book also contains an introduction by Robin Hamlyn who considers the history of the book itself and the place it has in Blake s pursuit of fame **The Engravings of William Blake** Archibald George Blomefield Russell,1968 *The Complete Graphic Works of William Blake* William Blake,David Bindman,Deirdre Toomey,1978 Billedv rk med indledende tekst *William Blake's Engravings, Edited with an Introduction* William Blake,1950 **The Poetical Works of William Blake** William Blake,1978 *William Blake's Illuminated Books* William Blake,1998-05 The nature of William Blake s genius and of his art is most completely expressed in his illuminated books In order to give full and free expression to his vision he invented a method of printing which enabled him to create works in which images combine to form pages uniquely rich in content and beautiful in form Blake s hope that the books would obtain wide circulation was unfulfilled some exist only in unique copies and none was printed in more than very small numbers

William Blake William Blake,David Bindman,2009 In his illuminated books William Blake combined his handwritten text with his exuberant imagery on pages the like of which had not been seen since the great decorated books of the Middle Ages To read such books as Jerusalem America and Songs of Innocence and of Experience in cold letterpress bears no comparison to seeing and reading them as Blake conceived them infused with his sublime and exhilarating colours At times tiny figures and forms dance among the lines of the text flames appear to burn up the page and dense passages of Biblical sounding text are brought to a jarring halt by startling images of death destruction and liberation This edition produced together with The William Blake Trust contains all the pages of Blakes twenty or so illuminated books reproduced in true size an appendix with all Blakes text set in type and an introduction by the noted Blake scholar David Bindman They can at last become part of the lives of all lovers of art and poetry
