William Blake Algernon Charles Swinburne,2020-08-13 Reproduction of the original William Blake by Algernon Charles Swinburne **William Blake** Algernon Charles Swinburne,1868 *William Blake: A Critical Essay* Algernon Charles Swinburne,2020-09-28 In the year 1827 there died after a long dim life of labour a man as worthy of remark and regret as any then famous In his time he had little enough of recognition or regard from the world and now that here and there one man and another begin to observe that after all this one was perhaps better worth notice and honour than most the justice comes as usual somewhat late Between 1757 and 1827 the world one might have thought had time to grow aware whether or not a man were worth something For so long there lived and laboured in more ways than one the single Englishman of supreme and simple poetic genius born before the closing years of the eighteenth century the one man of that date fit on all accounts to rank with the old great names A man perfect in his way and beautifully unfit for walking in the way of any other man We have now the means of seeing what he was like as to face in the late years of his life for his biography has at the head of it a clearly faithful and valuable likeness The face is singular one that strikes at a first sight and grows upon the observer a brilliant eager old face keen and gentle with a preponderance of brow and head clear bird like eyes eloquent excitable mouth with a look of nervous and fluent power the whole lighted through as it were from behind with a strange and pure kind of smile touched too with something of an impatient prospective rapture The words clear and sweet seem the best made for it it has something of fire in its composition and something of music If there is a want of balance there is abundance of melody in the features melody rather than harmony for the mould of some is weaker and the look of them vaguer than that of others Thought and time have played with it and have nowhere pressed hard it has the old devotion and desire with which men set to their work at starting It is not the face of a man who could ever be cured of illusions here all the medicines of reason and experience must have been spent in pure waste We know also what sort of man he was at this time by the evidence of living friends No one artist or poet of whatever school who had any insight or any love of things noble and lovable ever passed by this man without taking away some pleasant and exalted memory of him Those with whom he had nothing in common but a clear kind nature and sense of what was sympathetic in men and acceptable in things those men whose work lay quite apart from his speak of him still with as ready affection and as full remembrance of his sweet or great qualities as those nearest and likest him There was a noble attraction in him which came home to all people with any fervour or candour of nature in themselves One can see by the roughest draught or slightest glimpse of his face the look and manner it must have put on towards children He was about the hardest worker of his time must have done in his day some horseloads of work One might almost pity the poor age and the poor men he came among for having such a fiery energy cast unawares into the midst of their small customs and competitions Unluckily for them their new prophet had not one point they could lay hold of not one organ or channel of expression by which to make himself comprehensible to such as they were Shelley in his time

gave enough of perplexity and offence but even he mysterious and rebellious as he seemed to most men was less made up of mist and fire than Blake

William Blake, a Critical Essay Algernon Charles Swinburne,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1868 edition Excerpt iii the prophetic books Before entering upon any system of remark or comment on the Prophetic Books we may set down in as few and distinct words as possible the reasons which make this a thing seriously worth doing nay even requisite to be done if we would know rather the actual facts of the man s nature than the circumstances and accidents of his life Now first of all we are to recollect that Blake himself regarded these works as his greatest and as containing the sum of his achieved ambitions and fulfilled desires as in effect inspired matter of absolute imaginative truth and eternal import We shall not again pause to

rebut the familiar cry of response to the effect that he was mad and not accountable for the uttermost madness of error It must be enough to reply here that he was by no means mad in any sense that would authorise us in rejecting his own judgment of his own aims and powers on a plea which would be held insufficient in another man s case Let all readers and all critics get rid of that notion for good clear their minds of it utterly and with all haste let them know and remember havine once been told it that in these strangest of all written books there is purpose as well as power meaning as well as mystery Doubtless nothing quite like them was ever pitched out headlong into the world as they were The confusion the clamour the jar of words that half suffice and thoughts that half exist all these and other more absolutely offensive qualities audacity monotony bombast obscure play of Hcence and tortuous growth of fancy cannot quench or even wholly conceal the living purport and the imperishable beauty which are here latent And secondly we are to recollect this that these books are not each a

William Blake Algernon Charles Swinburne,2015-07-07 Excerpt from William Blake A Critical Essay With Illustrations From Blake s Designs in Facsimile Coloured and Plain He was born and baptized into the church of rebels we can hardly imagine a time or scheme of things in which he could have lived and worked without some interval of revolt All that was accepted for art all that was taken for poetry he rejected as barren symbols and would fain have

broken up as mendacious idols What was best to other men and in effect excellent of its kind was to him worst Reynolds and Rubens were daubers and devils The complement or corollary of this habit of mind was that he would accept and admire even small and imperfect men whose line of life and action seemed to run on the same tramway as his own Barry About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works WILLIAM BLAKE ALGERNON CHARLES.
