## **Wilted Visions:**

**Do What Thou Wilt** Lawrence Sutin, 2014-07-08 Do What Thou Wilt An exploration into the life and works of a modern mystic occultist poet mountaineer and bisexual adventurer known to his contemporaries as The Great Beast Aleister Crowley was a groundbreaking poet and an iconoclastic visionary whose literary and cultural legacy extends far beyond the limits of his notoriety as a practitioner of the occult arts Born in 1875 to devout Christian parents young Aleister s devotion scarcely outlived his father who died when the boy was twelve He reached maturity in the boarding schools and brothels of Victorian England trained to become a world class mountain climber and seldom persisted with any endeavor in which he could be bested Like many self styled illuminati of his class and generation the hedonistic Crowley gravitated toward the occult An aspiring poet and a pampered wastrel obsessed with reconciling his quest for spiritual perfection and his inclination do exactly as he liked in the earthly realm Crowley developed his own school of mysticism Magick as he called it summoned its users to embrace the imagination and to glorify the will Crowley often explored his spiritual yearnings through drug saturated vision quests and rampant sexual adventurism but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness This controversial individual a frightening mixture of egomania and self loathing has inspired passionate but seldom fair assessments from historians Lawrence Sutin by treating Crowley as a cultural phenomenon and not simply a sorcerer or a charlatan convinces skeptic readers that the self styled Beast remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time

Letter to Beaumont, Letters Written from the Mountain, and Related Writings Jean-Jacques Rousseau, 2013-05-14 Published between 1762 and 1765 these writings are the last works Rousseau wrote for publication during his lifetime Responding in each to the censorship and burning of Emile and Social Contract Rousseau airs his views on censorship religion and the relation between theory and practice in politics The Letter to Beaumont is a response to a Pastoral Letter by Christophe de Beaumont Archbishop of Paris also included in this volume which attacks the religious

teaching in Emile Rousseau's response concerns the general theme of the relation between reason and revelation and contains his most explicit and boldest discussions of the Christian doctrines of creation miracles and original sin In Letters Written from the Mountain a response to the political crisis in Rousseau's homeland of Geneva caused by a dispute over the burning of his works Rousseau extends his discussion of Christianity and shows how the political principles of the Social Contract can be applied to a concrete constitutional crisis One of his most important statements on the relation between political philosophy and political practice it is accompanied by a fragmentary History of the Government of Geneva Finally Vision of Peter of the Mountain Called the Seer is a humorous response to a resident of Motiers who had been inciting attacks on Rousseau during his exile there Taking the form of a scriptural account of a vision it is one of the rare examples of satire from Rousseau's pen and the only work he published anonymously after his decision in the early 1750s to put his name on all his published works Within its satirical form the Vision contains Rousseau's last public reflections on religious issues Neither the Letter to Beaumont nor the Letters Written from the Mountain has been translated into English since defective translations that appeared shortly after their appearance in French These are the first translations of both the History and the Vision
