Weeding Library Collections Research Studies In Library Science:

Weeding Library Collections Stanley J. Slote, 1989 Based on the author's ongoing research field observations and interviews with library professionals this edition thoroughly updates the previous one and simplifies the process of weeding. Slote shows librarians how to identify the core collections versus the weedable items. After reviewing current weeding practices and standards he discusses a variety of traditional and computer assisted methods for weeding. His approach is based on the new understanding of the relationship between in library use and circulation use. A section dealing with reference noncirculating collections has been added and the chapter on computer assisted weeding has been completely rewritten to help librarians streamline the weeding process. All forms have been redesigned. *Weeding Library Collections* Stanley J.
