Taking Measure of Charter Schools Julian R. Betts, Paul T. Hill, 2010-05-16 Charter schools offer something that public school systems parents and teachers need a way to experiment with alternative ways of teaching motivating students organizing schools using technology and employing teachers While people came down on both sides of support for or against charter schools everyone was surprised by how difficult it was to assess charter school performance The first part of this book focuses on how to improve estimates of charter schools performance especially their benefits to students who attend them the second part suggests how policymakers can learn more about charter schools and make better use of evidence The editors and authors suggest ways states and localities can improve the quality of data on which charter school studies are based and trace some of the ways charter school research influences policy [Handbook of Education Policy Research](#) Gary Sykes, Barbara Schneider, David N. Plank, 2012-09-10 Co published by Routledge for the American Educational Research Association AERA Educational policy continues to be of major concern Policy debates about economic growth and national competitiveness for example commonly focus on the importance of human capital and a highly educated workforce Defining the theoretical boundaries and methodological approaches of education policy research are the two primary themes of this comprehensive AERA sponsored Handbook Organized into seven sections the Handbook focuses on 1 disciplinary foundations of educational policy 2 methodological perspectives 3 the policy process 4 resources management and organization 5 teaching and learning policy 6 actors and institutions and 7 education access and differentiation Drawing from multiple disciplines the Handbook s over one hundred authors address three central questions What policy issues and questions have oriented current policy research What research strategies and methods have proven most fruitful And what issues questions and methods will drive future policy research Topics such as early childhood education school choice access to higher education teacher accountability and testing and measurement cut across the 63 chapters in the volume The politics surrounding these and other issues are objectively analyzed by authors and commentators Each of the seven sections concludes with two commentaries by leading scholars in the field The first considers the current state of policy design and the second addresses the current state of policy research This book is appropriate for scholars and graduate students working in the field of education policy and for the growing number of academic government and think tank researchers engaged in policy research For more information on the American Educational Research Association please visit <http://www.aera.net>

The EU Charter of Fundamental Rights Steve Peers, Dr. Angela Ward, Angela Ward, 2004-04 This book assesses the impact of the EU Charter of Fundamental Rights from four key perspectives First it posits the Charter within the framework of the ongoing debate on EU Constitutionalism the proper parameters of Union and Member State power and investigates the role of rights discourse in crafting the contours of a European patriotism Second it examines the effect of the Charter on a range of substantive areas of EU regulation ranging from foundational and fundamental areas such as the

economic freedoms to fields of competence lying at the fringe of Community regulation This is intended to provide a flavour of how the Charter might seep in to the process of substantive law making Third the book describes the impact of the Charter on the question of Access to Justice in the EU a highly topical and important objective given the current debate and indeed friction in the case law of the Community judicature on how the judicial architecture might be amended to improve access to justice to private parties affected adversely by Union regulation Fourthly the book takes an external lens in assessing the Charter canvassing its relationship with the regime for protection of human rights supplied by the international plane and examining the impact of the Charter on the process of accession of new Member States to the EU
