

# The Shadow Line

**Joseph Conrad**

## **The Shadow Line:**

*The Shadow Line* Laura Furman, 1982 When reporter Liz Gold fled to Houston to escape her family and her wrecked marriage she investigates the twenty year old murder of the mistress of a prominent businessman and uncovers the truth about the murder and herself

*The Shadow-Line* Joseph Conrad, 2013-10-10 Joseph Conrad's short novel *The Shadow Line* A Confession 1917 is one of the key works of early twentieth century fiction This edition established through modern textual scholarship and published as part of the Cambridge Edition of the Works of Joseph Conrad presents Conrad's only major work written during the First World War and its 1920 preface in forms more authoritative than any so far printed Correspondence reveals that the part and chapter divisions present in the historical editions lack authorial sanction and this edition of *The Shadow Line* offers a continuous text for the first time restoring to the narrative a fluency and dramatic intensity not hitherto found in any printing An Introduction and Explanatory Notes as well as maps and illustrations enrich this volume The Appendices publish materials relevant to Conrad's maritime career and to the publishing of the American serial and the Apparatus allows the reader to follow the creative process

*The Shadowline* Joseph Conrad, 2024-05-09 Joseph Conrad's *The Shadow Line* is an autobiographical novella masquerading as a sea tale chronicling a young captain's inaugural command a ship stranded in the Gulf of Siam its crew ravaged by fever and the ghostly legacy of a mad predecessor The unnamed narrator's journey from restless first mate to beleaguered leader mirrors Conrad's own transition from sailor to writer framing the sea as both crucible and confessional The plot hinges on stagnation windless skies a medicine chest emptied by the dead captain's paranoia and a crew slipping into delirium Conrad strips away adventure's romance fixating on the psychological toll of responsibility the shadow line between youthful idealism and the grim clarity of adulthood Critics read it as a metaphor for artistic creation wartime leadership written during WWI or Conrad's reckoning with mortality Its pared down prose devoid of his usual stylistic flourishes amplifies the claustrophobia of a world where duty collides with futility This modern edition of Conrad's classic novel includes a fresh Afterword extensive reference materials including a timeline of Conrad's life and works character glossary and group discussion questions on this literary classic The text of the novel has been slightly edited to remove archaic terminology and make it more readable to the modern reader The novella is less about the sea than about the silence that follows when illusions drown The ship *Sephora* is a floating purgatory its previous captain's insanity seeps into the timbers like rot haunting the crew with a malaise no medicine can cure The young captain's struggle isn't against storms but inertia days blur into a sweaty limbo where time itself feels feverish Conrad's irony is surgical the narrator crosses the shadow line not through heroism but by enduring helplessness his authority meaningless against tropical heat and human frailty The crew's suffering becomes a mirror for his own inadequacy their survival hinges not on his skill but on a sudden breeze an act of cosmic indifference The true horror the horror the horror isn't death but the erosion of meaning The mad captain's ghost is never seen only felt a lingering doubt that corrodes certainty

When the wind finally returns it's not a triumph but a reprieve underscoring how little control any captain or anyone truly holds. Conrad's stripped prose mirrors the narrator's stripped psyche: sentences are stark, unadorned, as if language itself is rationed. The shadow line isn't a moment but a slow bleed, the realization that adulthood isn't wisdom but the weight of knowing how little one knows. The sea, once a symbol of freedom, becomes a vast, uncaring ledger where men tally their debts to fate. By the end, survival feels accidental, a shrug from the universe. The captain's victory is hollow; he's crossed the line, but the horizon remains as distant as ever.

*The Shadow Line* Joseph Conrad, 2022-11-16. This masterly character study of human transformation, written by Joseph Conrad (1857-1924) during the First World War, chronicles a youth's passage into manhood upon becoming the commander of his first ship.

[The Shadow-Line Annotated](#) Joseph Conrad, 2021-04-13. The *Shadow Line* is a short novel based at sea by Joseph Conrad; it is one of his later works, being written from February to December 1915. It was first published in 1916 as a serial in New York's *Metropolitan Magazine* (September-October) and in the *English Review* (September 1916-March 1917) and published in book form in 1917 in the UK (March) and America (April). The novella depicts the development of a young man upon taking a captaincy in the Orient, with the shadow line of the title representing the threshold of this development. The novella is notable for its dual narrative structure. The full subtitled title of the novel is *The Shadow Line: A Confession*, which immediately alerts the reader to the retrospective nature of the novella. The ironic constructions following from the conflict between the young protagonist (who is never named) and the old drive much of the underlying points of the novella, namely the nature of wisdom, experience, and maturity. Conrad also extensively uses irony by comparison in the work with characters such as Captain Giles and the ship's factotum Ransome, used to emphasize strengths and weaknesses of the protagonist. The novel has often been cited as a metaphor of the First World War, given its timing and references to a long struggle, the importance of camaraderie, etc. This viewpoint may also be reinforced by the knowledge that Conrad's elder son, Borys, was wounded in the First World War. Others, however, see the novel as having a strong supernatural influence, referring to various plot lines in the novella, such as the ghost of the previous captain potentially cursing the ship and the madness of first mate Mr. Burns. Conrad himself, however, denied this link in his *Author's Note* (1920), claiming that although critics had attempted to show this link, "The world of the living contains enough marvels and mysteries as it is."

**The Shadow-Line** Joseph Conrad, 2007-10-09. The masterpiece of Joseph Conrad's later years, the autobiographical short novel *The Shadow Line* depicts a young man at a crossroads in his life, facing a desperate crisis that marks the shadow line between youth and maturity. This brief but intense story is a dramatically fictionalized account of Conrad's first command as a young sea captain, trapped aboard a becalmed, fever-wracked, and seemingly haunted ship. With no wind in sight and his crew disabled by malaria, the narrator discovers that the medicine necessary to save the sick men is missing, and its absence has been deliberately concealed. Meanwhile, his increasingly frightened first mate is convinced that the malignant ghost of the previous captain has cursed them. Suspenseful, atmospheric, and deceptively simple, Conrad's tale

of the sea reflects the complex themes of his most famous novels *Lord Jim* and *Heart of Darkness* *The Shadow Line* (Echo Library) Joseph Conrad, 2007-12-01 **The Lumber Worker ...**, 1930 *The Shadow-line* Joseph Conrad, 1993 *The Building News and Engineering Journal*, 1891 *The Secret Sharer and Other Stories* (Norton Critical Editions) Joseph Conrad, 2015-08-03 This Norton Critical Edition includes four stories two set on stormy seas two on calm seas all four based on the same incident that speak to each other in interesting ways The stories in this Norton Critical Edition maintain the connection and sequencing that Joseph Conrad saw among them In his Author's Note to *Twixt Land and Sea* Conrad writes of his two Calm pieces *The Secret Sharer* and *The Shadow Line* and his two Storm pieces *The Nigger of the Narcissus* and *Typhoon* This edition is based on the first English book edition for the stories and the first American edition for the Author's Note for *The Shadow Line* *Typhoon* and *The Secret Sharer* The stories are accompanied by explanatory annotations a note on the texts including a list of textual emendations and a preface *Backgrounds and Contexts* brings together relevant correspondence and contemporary reviews from both British and American sources Also included are documents related to Conrad's sources for the stories among them Charles Arthur Sankey's *Ordeal of the Cutty Sark A True Story of Mutiny Murder on the High Seas* To help readers navigate the editor includes a glossary of nautical terms as well as diagrams of the kinds of ships that appear in the stories *Criticism* includes fifteen essays representing both new and established voices The essays are arranged by story with the focus on Conrad's major themes colonialism narrative gender and race Albert J Guerard Lillian Nayder Mark D Larabee Fredric Jameson F R Leavis and John G Peters are among the contributors A chronology of Conrad's life and work and a selected bibliography are also included **The Shadow Line** Joseph Conrad, 2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *English Mechanic and Mirror of Science and Art*, 1894 *Aristarchus of Samos: On the Sizes and Distances of the Sun and Moon* Christián C. Carman, Rodolfo P. Buzón, 2023-05-26 This book offers the Greek text and an English translation of Aristarchus of Samos's *On the Sizes and Distances of the Sun and Moon* accompanied by a full introduction detailed commentary and relevant scholia Aristarchus of Samos was active in the third century BC He was one of the first Greek astronomers to apply geometry to the solution of astronomical problems as we can see in his only extant text *On the Sizes and Distances of the Sun and Moon* Alongside the Greek text and new English translation the book offers readers the Latin text and English translation of Commandino's notes on the text Readers will also benefit from a comprehensive introductory study explaining the value of Aristarchus's calculations and methodology throughout history as well as detailed analyses of each part of the treatise This volume will be of interest to students and scholars working on
