Mounir Mesbah, Bernard F. Cole, Mei-Ling Ting Lee, 2013-06-29 On October 16 and 17 2000 we hosted an international  
workshop entitled Statistical Design Measurement and Analysis of Health Related Quality of Life The workshop was held in  
the beautiful city of Arradon South Brittany France with the main goal of fostering an interdisciplinary forum for discussion  
of theoretical and applied statistical issues arising in studies of health related quality of life HRQoL Included were  
biostatisticians psychometricians and public health professionals e g physicians sociologists psychologists active in the study  
of HRQoL In assembling this volume we invited each conference participant to contribute a paper based on his or her  
presentation and the ensuing and very interesting discussions that took place in Arradon All papers were peer reviewed by  
anonymous reviewers and revised before final editing and acceptance Although this process was quite time consuming we  
believe that it greatly improved the volume as a whole making this book a valuable contribution to the field of HRQoL  
research The volume presents a broad spectrum of papers presented at the Workshop and thus illustrates the range of  
current research related to the theory methods and applications of HRQoL as well as the interdisciplinary nature of this work  
Following an introduction written by Sir David Cox it includes 27 articles organized into the following chapters      *Israel and  
the Covenants in New Testament Times* Peter Williams, A Bible student reference A New Testament prophecy of a falling  
away from truth into apostasy and lawlessness in the final generation before Jesus Christ returns in glory is being fulfilled  
now and is shortly to end Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even  
recognise this or that Christ's return is therefore now almost upon us How and why this is the case is here explained  
thoroughly and logically with many examples directly from the word of God In God's saving plan for the world everyone must  
in time make a free will choice to become part of the Israel of God in order to access eternal life in the kingdom of God The  
route to take is the strait and narrow way Mat 7 13 14 that very few have so far found and it involves the biblical new and old  
covenants which both apply to this Israel Embark on this voyage only if you are willing to be challenged about some basic  
Christian preconceptions be a serious open minded Bible student and trust what the Bible teaches but remember that time is  
short What the Bible has taught me I see as both vital and urgent for our eternal salvation yet I know of no church or

individual theologian who teaches what this book deals with in any substantive way Be prepared for major challenges to your understanding just as God has challenged me In the epistles Paul refers to two Israels whom he calls Israel after the flesh I Cor 10 18 and the Israel of God Gal 6 16 I focus mainly on the latter but I also explain an unexpected but critically important connection between them Dependent on the teaching nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me Looking back I find this absolutely staggering Very few Christians understand that the new covenant also only applies to Israel as I will clearly show I no longer believe that the NT New Testament can be fully understood without this extra Israel dimension Had I felt I could deliver this in a more light hearted way I would have done so but its implications are too awesome and fundamental to our eternal life prospects for that
