Two Orphan Cubs Barbara Brenner, May Garelick, 1989 After their mother is killed by poachers two bear cubs are rescued by a wildlife scientist who transfers them to another cave where he hopes they will be adopted by a new mother

Bears--their Biology and Management Clifford J. Martinka, Katherine L. McArthur, 1980 *Mangrove Tiger* Jayanta Kumar Mallick, 2023-11-25 This book contains well researched literature review field surveys and personal experience on the origin and adaptation of Bengal tiger *Panthera tigris tigris* the only large carnivore species inhabiting the mangrove forests across the world The Bengal tiger population in this mangrove habitat is isolated from other mainland populations and exhibits certain distinctive morphological adaptations Unlike the mainlanders these islanders are much smaller suggesting insular dwarfism more muscular with leaner frame and lesser body mass 100 kg The stress factor associated with changes in their natural habitat and the availability of the smaller prey species is often related to such phenomenon Apart from the long stretch swimming the tiger has adapted to changed food habits and become omnivore Loss and degradation of the mangrove habitat has caused severe decline of the tiger population Tiger conservation within and beyond the protected areas is based on the ethical issues biodiversity aesthetic values and integrity as well as management of the mangrove ecosystem challenged by development works and anthropogenic activities A published book highlighting the updated information on the migratory behaviour morphological and behavioural adaptations of the Bengal tiger in the mangrove eco system is not readily available This monograph is ideal for researchers postgraduate and graduate students in zoology botany ecology and conservation This comprehensive treatise will also serve professionals such as foresters environmentalists conservationists resource managers planners government agencies academic institutions NGOs and naturalists **Adventures of**

Treebread and Goodleaf Tom Dozier, 2023-03-30 The Adventures of Treebread and Goodleaf takes place in the hidden magical country of Felinon The story tells of the early lives of twin boys born to Skyryder and Starlight The story covers how Treebread and Goodleaf were born and raised to adulthood in the remarkable Fel society It tells how they were taught life skills and learned to control magic to survive in a world filled with danger Treebread and Goodleaf have the special ability to manipulate magical energy from the universe to change forms into another living creature They use this ability to help solve mysteries and problems for others Through their magic use Treebread and Goodleaf grow to realize they are very different from other Fel children It is frightening and exciting at the same time They are amazed by the abilities of their transformed creatures to sense the world differently What does the world smell like to a fox What is it like to soar in the sky as a hawk They must learn to adapt quickly to the world as they transform to another life form to help solve problems With the help of their family they do learn how to live their dual lives As Treebread and Goodleaf mature they begin to understand that their differences will not allow them to live a normal life They cannot share a female companion They cannot be physically separated by long distances Even with their remarkable abilities they are not very happy with their lives of responsibility and

secrecy Treebread and Goodleaf do eventually learn that they have lived a life of separation without understanding the cause As they reach adulthood they finally understand their full potential The family secret can finally be told A new hero is born to Felinon Will this hero s skills be able to meet the coming challenges to save Felinon from destruction [The Horizontal Oak](#) Polly Pullar,2022-07-21 Peppered with humour empathy and kindness Sunday Post Ever since her pet sheep Lulu accompanied her to school at the age of seven animals and nature have been at the heart of Polly Pullar s world Growing up in a remote corner of the Scottish West Highlands she roamed freely through the spectacular countryside and met her first otters seals eagles and wildcats But an otherwise idyllic childhood was marred by family secrets which ultimately turned to tragedy Following the suicide of her alcoholic father and the deterioration of her relationship with her mother as well as the break up of her own marriage Polly rebuilt her life earning a reputation as a wildlife expert and rehabilitator journalist and photographer This is her extraordinary inspirational story Written with compassion humour and optimism Polly reflects on how her love of the natural world has helped her find the strength to forgive and understand her parents and to find an equilibrium [Bear Biology Association](#) United States.
