STRATEGY IMPLEMENTATION PROBLEM Dr. Darmin A. Pella, The strategic planning is good but the implementation of the strategy is problematic that s the phrase we often hear

Strategic planning can be good because we have abundant literature clarifies strategic planning in our scientific treasures On the other hand strategy implementation is problematic because the literature that clarifies the problem of implementing each strategy is scarce The book that discusses the problem of implementing strategy especially in the context of discussion based on research does not even exist yet To fill this tremendous gap is one of this book s objective After careful examination I can share that there are at least three entry points if one wants to further understand strategy implementation The first entry point is understanding number of factors that support the implementation of a strategy where these factors must be studied mastered and possessed for the strategy to be successful The second entry point is understanding that there is a framework or model that must be followed if we want to be successful in implementing strategy The framework or model must be studied mastered and followed so that the strategies that have been made are correctly implemented and the results are successful The third entry point is to realize that there are a number of problems that are obstacles to the implementation of the strategy These inhibiting problems must be studied understood and overcome so that the strategy does not fail to implement and be successful Each entry point above requires understanding because it has its own complexity This book you are reading has a third point of entry This book helps you learn and understand the factors that hinder the implementation of the strategy so that your strategy does not fail or reverse its achievement This book helps you avoid failing to implement strategies that are very very easy to find in any organization Read this book to help you have systematics when deciphering what problems cause poor implementation of a strategy
