## **The Approach Of Armageddon An Islamic Perspective:**

**The Approach of Armageddon?** Muhammad Hisham Kabbani, 2003 A scholar from the Middle East offers a chronicle of scientific breakthroughs and world events that will occur during the last days as foretold by Prophet Muhammad Time honored beliefs held by one fifth of the world s population but little known in the West are expertly presented in this compelling book *Decoding the Antichrist and the End Times* Mark Biltz, 2019-03-05 Will the real Antichrist please stand up For the last two thousand years people have been anxiously trying to analyze who the Antichrist might be and when he might be revealed Many people have made preposterous claims and of course they have been wrong If you re not careful you can get caught up in the debate and spend so much time arguing with other Christians over the details that you don t accomplish anything for the kingdom To make matters worse we now live in an era when for the first time we have the possibility of an artificial intelligence Antichrist a human computer hybrid that will demand to be worshipped Have you ever wondered if it s OK to have Alexa Siri and other forms of artificial intelligence in your home We know that the Bible says great deception is coming so what is a concerned believer to do Author and minister Mark Biltz wants you to understand the methods of the Antichrist so you won t be deceived This book will help you know the big picture of what has happened historically what is unfolding this very moment and what the future holds concerning the Antichrist based on the unfolding purposes of God **The Islamic Antichrist** Joel Richardson, 2009 In *The Islamic Antichrist* Richardson exposes Western readers to the traditions of Islam and predicts that the end times may not be far away His book will stun readers unaware of the similarities between the Antichrist and the Islamic Jesus His research on the relationship between Christian end time prophecy and Islamic expectations of world domination will shock readers and shape the debate over radical Islam for years to come This is the book to read to understand Islam s potential role in fulfilling the prophecies of the Bible Page 2 of cover

*Apocalyptic Fever* Richard G. Kyle, 2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more [Three Perspectives: Jewish, Christian, and Muslim](#) Steven H. Propp, 2009-12-30 Youre Jewish arent you This blunt question is the way that college freshman Richard Cohn is introduced to

an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book Beyond Heaven and Earth in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world
