**Roman Holidays** Robert K. Martin,Leland S. Person,2002 Featuring essays by twelve prominent American literature scholars Roman Holidayexplores the tradition of American travel to Italy and makes a significant contribution to the understanding of nineteenth century American encounters with Italian culture and more specifically with Rome The increase in American travel to Italy during the nineteenth century was partly a product of improved conditions of travel As suggested in the title Italy served nineteenth century writers and artists as a kind of laboratory site for encountering Others and other kinds of experience No doubt Italy offered a place of holiday a momentary escape from the familiar but the journey to Rome a place urging upon the visitor a new and more complex sense of history also forced a reexamination of oneself and one s identity Writers and artists found their religious political and sexual assumptions challenged Nathaniel Hawthorne s *The Marble Faun* has a prominent place in this collection as Henry James commented in his study of Hawthorne the book was part of the intellectual equipment of the Anglo Saxon visitor to Rome The essayists also examine works by James Fuller Melville Douglass Howells and other writers as well as such sculptors as Hiram Powers William Wetmore Story and Harriet Hosmer Bringing contemporary concerns about gender race and class to bear upon nineteenth century texts *Roman Holidays* is an especially timely contribution to nineteenth century American studies

literate history have in fact survived into the 21st century But not without peril Sappho's writing remains only in fragments

Willis, 2003 Socrates Virgil Sir Francis Bacon While over time the concept of the great thinker has evolved and redefined  
itself it has not evolved to formally include women in its exclusive circle of members Conspicuously absent are the names of

female great thinkers in intellectual studies despite the skyrocketing interest in the American intellectual and the contribution by women to America's social and intellectual development. So then what does it mean to be an American woman intellectual in the nineteenth, twentieth, and twenty-first centuries? A collection of biographies and writings from the nineteenth century through the present, *Voices Unbound* speaks to the blatant omission of women from intellectual studies and begins the work of developing a women's intellectual tradition. Lydia Maria Child, Charlotte Perkins Gilman, Margaret Mead, Susan Sontag, bell hooks. *Voices Unbound* reintroduces these remarkable women and their writings to the American public. Thorough and insightful, *Voices Unbound* is an important book for all those studying American intellectual history and women's history. **Review**, 1996
