Third Factory:

Third Factory Виктор Шкловский, 2002 Like many of Shklovsky's works *Third Factory* is not easily classified. In part it is a memoir of the three Factories that influenced his development as a human being and as a writer yet the events depicted within the book are fictionalised and conveyed with the poetic verve and playfulness of form that have made Shklovsky a major figure in twentieth century world literature. In addition to its fictional and biographical elements *Third Factory* includes anecdotes, rants, social satire, literary theory and anything else that Shklovsky with an artist's unerring confidence chooses to include.
