The Metaverse Matthew Ball,2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films

and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn't require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world

Public Discourse and the Fashion Industry Natalia Berger, 2026-02-24 This book explores what happens when fashion discourse migrates from specialised media to mainstream newspapers Analysis of 2 263 texts across five Dutch and international case studies animal welfare disability repair practices smart wearables and metaverse fashion demonstrates systematic reversal instead of creating desire it provokes aversion instead of fostering inclusion it reinforces marginalisation instead of encouraging creativity it stokes speculative investment appetites Drawing on Barthes's semiology of fashion Foucault's discourse theory and Lotman's concept of the semiosphere the book introduces critical discursive matrix analysis as a method for examining fashion at its periphery The findings reveal that when fashion intersects with social issues in mainstream media it becomes colonised by other discursive systems medical civic technology and financial while fashion industry voices retreat replaced by NGOs activists and technology companies pursuing non fashion agendas The volume provides insights into why sustainability efforts fail despite awareness how media representation shapes consumer behaviour and why fashion discourse cannot evolve within its commercial framework Public Discourse and the Fashion Industry will engage a diverse audience including fashion studies scholars discourse analysts media researchers sustainability practitioners policymakers fashion industry strategists and communication specialists
