review played the role of a basis to develop the following primary research and determine its focus according to the identified gaps in the literature The report presents a number of existing evidence illustrating how greatly social media has changed and continues to change the PR industry Another purpose of the research was to examine the reasons for this phenomenon To do so the research also aimed to investigate how practitioners themselves use social media and how it has been integrated into the Marketing Mix As Brown summarizes Now we are seeing altogether new ways PC Magazine, 2000 *Index to Legal Periodicals & Books*, 1999 CORPORATE PROFILE GRAPHICS, 1998-11-15 An international collection of corporate brochures and reports Included are brochures from schools hotels hospitals and self promotion materials from designers and architects **Mademoiselle**, 1996-07 **Essential Business Tactics for the Net** Larry Chase, Nancy C.
